Naval Officer Is Accused of Prison Cruelty to Yanks

Maltreatment Is Charged
to Commander Little
While Held by
Japanese

Washington, May 20 (AP)—The navy has disclosed that Lt. Cmdr. Edward N. Little, on trial here for the last two months in a secret court martial, is accused of "maltreatment" of other Americans in a Japanese prison camp.

Little was the senior in rank among the armed forces held in the camp. Hence under prisoner of war conventions the others were under his orders. The navy announcement last night said the main charges against him are:

Maltreatment of a person subject to his orders; conduct to the prejudice of good order and discipline; unbecoming an officer and a gentleman.

The navy statement gave no further information.

However, Tokyo dispatches say Capt. Isao Fukuhara, commander of Japanese camp 17-B at Onitani, testified at his trial on atrocity charges in February, 1946, that of Lt. E. N. Little asked punishment of a prisoner for stealing bread.

Fukuhara said the prisoner, Pvt. William H. Knight of Warsaw, N. Y., was put in the guardhouse.

Died of Torture

An affidavit by another prisoner, introduced at the Fukuhara trial, said Knight died of torture in the guardhouse. The affidavit did not specify whether this happened while Knight was there on the bread-stealing charge.

And headquarters in Tokyo said Little, later promoted to his present rank, was mess officer at the Japanese prison camp.

Ava C. Carpenter, chief of the allied headquarters legal section in Tokyo, said affidavits from a number of former prisoners saying Little turned them over to Japanese guards for punishment have been sent to Washington.

The navy said its files here show Little is 36 years old and gave December, 1913, as his last civilian address. He was appointed to Annapolis in 1926 after navy service as an ensign and was graduated in 1928. He was captured in the fall of 1942.

The navy said Little was freed from the Japanese prison camp in October, 1945, and was at the naval hospital in Oakland, Calif., until January 24, 1946.

Public Hearing Stated On Four Local Laws

A public hearing will be conducted by Mayor William F. Edelmann in the Common Council chamber in the city hall at 10 a. m. tomorrow on four local laws which have had readings following recent adoption by the council.

One of the laws provides for a change in the qualifications of candidates for public office with a main provision eliminating the previous requisite of property ownership.

Another provides for the payment of salaries of certain city officials, twice monthly instead of once a month and the two others deal with imposing a tax on the gross incomes of utility companies and the abolishing of the office of unpaid taxes.

Gives Books to Library

Mrs. Howard O'Connor, 373 Broadway, has given a collection of books to the Kingston City Library. It was announced today. The donation was in memory of her son, Carlton O'Connor, who was employed by the American Telephone and Telegraph Company.

Brazilian Eclipse Rates Top Weather; Scientists Happy

Bocaúva, Brazil, May 20 (AP)—A total eclipse of the sun occurred here today in clear weather, which promised success for the preparations of a large group of American scientists gathered on a wooded plateau at Bocaúva to witness the phenomenon.

The eclipse began about 8:22:36 a. m. became total at 9:34:48, and ended in totality, three minutes and 48 seconds, and continued in partiality until 11:03:36. The times (all two hours ahead of Eastern Standard Time) are subject to official confirmation.

The eclipse was not visible to the naked eye, however, at a similar observation station at Araxá, 275 miles southwest of Bocaúva, because the sky was cloudy and overcast.

The eclipse was not seen in the northern hemisphere.

(A broadcast heard in Rio de Janeiro quoted Prof. C. C. Kloss, of the U. S. Bureau of Standards, as saying: "The total eclipse observations at Bocaúva were 100 per cent successful, pending of course, development of the films.")

The broadcaster remarked during the period of totality: "It is deep night here; even the sun is black. The sky is midnight blue, and there are brilliant stars."

Skies Seemed All Night

Throughout the night anxious observers at this post, manned by scientists from the National Geographic Society, National Bureau of Standards and other astronomical organizations, scanned the skies for a hint of the weather conditions in store. Arrangements had been made to circumvent bad weather through the use of two converted army planes, which stood ready to fly teams of observers and equipment above the clouds, but scientific experts said the observations would be more successful if the skies remained clear.

Special Arrangements

Special arrangements to observe the eclipse also were made at the Cordoba Observatory in Argentina, while on the opposite side of the Atlantic Swedish scientists made observations at Loma on the Atlantic Gold Coast.

Among the objectives of observers was the measurement of starlight bend to check the validity of the Einstein theory of relativity; measurement of temperatures and pressures at various altitudes; and the photographing of the sun's corona and various attendant phenomena, such as flash spectrum.

They also sought information on the gaseous and chemical nature of the atmosphere, the behavior of electrified layers of the ionosphere and facts bearing on cosmic rays, radio communication and movement of ocean tides.

Shandaken Man Charged With Drunken Driving

At 5:10 a. m. Monday while George P. Theodoridis of 3142 Thirtieth street, Long Island City, was operating his car west on Route 28 a half mile east of Phenicia his car and that of Ray Slover, 53, of Shandaken were in collision.

Proper Ray Dunn, who investigated, reported the Slover car crossed the road and struck the Theodoridis car head on. Slover was arrested on a charge of operating a car while intoxicated and was held in \$100 bail by Justice of the Peace William C. Weyman for a hearing.

Fighter Pilot Tells Of Survival Battle Off Breezy Point

Man Who Parachuted Into
Ocean Became Mixed
Up in Lines Trying
to Inflate Raft

Mitchell Field, N. Y., May 20 (AP)—A battle for survival in the dark waters of the Atlantic was told here today by a P-47 fighter plane pilot parachuted into the ocean late last night and fought to inflate his life raft while entangled in the shrouds lines of his parachute.

The pilot, First Lieut. Hubert W. Gainer, 31, who was reported in good condition at the Station Hospital here, was washed ashore at Breezy Point in the Rockaways at about 4:33 a. m. (EST), almost seven hours after he was ejected from his plane.

Gainer, whose wife is in the Panama Canal Zone where he is attached to the 36th Fighter Group, told officials here he was enroute from Maxwell Field, Ala., to Mitchell Field when he ran into bad weather between Washington and New York.

The weather soured the plane so badly that some of the instruments went out and the radio worked only intermittently, Gainer said. He attempted to land at the tiny Kings Park Field in Suffolk county on Long Island but was unsuccessful in four tries.

Gainer finally reached Mitchell Field but his gas supply was too low for him to fly the ground approach control pattern necessitated by the bad weather and he tried to land on the water.

Red Envoy Says Atomic Monopoly Is Temporary

New York, May 20 (AP)—Andre A. Gromyko, U.S.S.R. delegate to the United Nations Security Council, said last night that an atomic weapons monopoly by any one country can be only "a temporary character" and "in reality, such monopoly is an illusion."

"Who knows?" Gromyko asked. "The time may come when the country, at present occupying a more favorable position in this respect than other nations, will find itself in the same, or maybe even in a less favorable position in comparison with other states in the field of the development and perfection of certain dangerous kinds of weapons if such weapons are not prohibited."

The deputy Soviet foreign minister discussed the United States' apparent atomic "monopoly" and Russia's objection to American proposals for international inspection and control of atomic energy development at the annual dinner of the American Russian Institute.

Gromyko emphasized three points:

1. That prohibition of atomic and mass-destruction weapons must be undertaken promptly by the United Nations action.
2. That after atomic weapons are outlawed, Russia will agree to international control and inspection.
3. That this inspection must be limited to assuring development of atomic energy for peaceful purposes only, and must not infringe on the internal economy of the U.S.S.R.

Gromyko, saying that perhaps he spoke "too frankly" but that "it is much easier to understand correctly when one speaks frankly," contended that opponents of immediate prohibition of atomic

Noa's Crew Enjoys Liberty; Local Aim Is to Get Aboard

City Welcomes Personnel
of Destroyer; Public
Reaction That of
High Interest

The old adage about "there's nothing wrong with a seasick sailor that a good shore leave cannot cure" was typically exemplified throughout Kingston last night as approximately 160 men from the Navy Destroyer, U.S.S. Noa, now anchored about 200 yards off Newcomb Dock at the Kingston Point, invaded the city's entertainment spots and were accorded a hospitality and welcome they'll never forget.

The sailors were well represented at the Dodgers winning ball game at the stadium last night, which they attended free of charge through the courtesy of the team's management. The navy men enjoyed themselves at the Kingston Barn, where Bob Teesell did his utmost to make them feel at home and at the minstrel at St. Joseph's Church, where they were welcomed by Father John Brown. Kingston's night spots, the theaters and other amusement places were conspicuous by the presence of the bluejackets.

The Noa, on an official visit to the city in connection with Naval Reserve Week recruiting programs, was extended a cordial welcome by a committee headed by Mayor William Edelmann. Committee members were taken on a tour of the ship and were in unanimous agreement as to the cleanliness and general appearance of the vessel, a credit to the skipper, Commander R. L. Nolan, who captains the craft.

Captain Nolan and approximately 10 members of the crew were invited to dinner at the Governor Clinton hotel last night as guests of the welcoming committee.

Following the dinner, Herman Goldfried, local attorney, and captain of the U.S.S. Isherwood during World War 2, who arranged the Noa's visit to the city, took Captain Nolan and the crew members to the Dodgers game, followed by entertainment at The Barn.

Bob Teesell made it an "open house" affair at The Barn.

Judge and Mrs. John M. Cashin entertained the captain and crew.

Completing Plans For City Memorial Services Sunday

Program Will Be Held
in Auditorium at 8;
Music, Speeches
Scheduled

Plans are now being completed for the annual Memorial Sunday observance which will be held in the Kingston Municipal Auditorium on Sunday evening, May 25. This citywide observance is under the supervision of the Kingston Veterans Association, and the chairman of arrangements is James M. Kren, secretary of the association and Commander of Tappan Camp, No. 1, Sons of Union Veterans of the Civil War. The Kingston Veterans Association is composed of the following veteran organizations:

Colonial Camp, No. 75, United Spanish War Veterans; Joyce-Schirick Post, No. 1386, Veterans of Foreign Wars; Kingston Post, No. 150, American Legion; Squadron No. 150, Sons of American Legion; Tappan Camp, No. 1, Sons of Union Veterans of the Civil War; Company M, Veterans Association and Ulster Detachment, Marine Corps League.

Each of the veteran organizations are taking an active part in the program of observance to the honored dead of all wars who lie in the hallowed ground of war cemeteries.

The program will start about 7:30 with a half hour concert by the Kingston High School band with the regular program starting at 8 o'clock. This will include a proclamation by Mayor William F. Edelmann; recitation of "Lincoln's Gettysburg Address" and "In Flanders Fields" by high school pupils. The committee also announces that Miss June Van Derbeek will read the "Dedication of the Memorial Day Service."

Railroads Face Tough Test Moving Big Wheat Harvest

Chicago, May 20 (AP)—Railroads which soon will start to move the first billion bushel winter wheat crop in the nation's history reported today that their boxcar supply situation was improved over last year.

However, they agreed that transporting such an enormous amount of grain will present a "tough problem."

Within the next 10 days harvesting of this fabulous crop—believed to be the largest any nation ever produced—will start in Texas.

Harvesting will progress northward through Oklahoma, Kansas and Nebraska, and when it is over around mid-July a whopping store of wheat will have been added to the food supply, of a world desperately in need of bread.

In this rich agricultural territory railroads now are girding themselves for a job unmatched in peace-time history.

Explaining that the Association of American Railroads had ordered Eastern Lines to supply 777 cars a day to Western roads, the

ALFRED L. HARDER

Alfred L. Harder, Telephone Official, Will Be Retired

Alfred L. Harder, district manager of the New York Telephone Company's Kingston District for the past 16 years, is retiring from active service it was announced today by John H. Paige, division manager. He will be succeeded as district manager in Kingston by William S. Robinson who comes from New York.

Mr. Harder has been associated with the Telephone Company in Kingston and the Hudson valley for almost 40 years. Born in Kingston, he was educated at No. 8 School and Kingston Academy. He was first employed by the Telephone Company as a clerk in the Saurter Office in 1909.

In 1920 he was appointed manager of the Kingston office. In that capacity, he reported to the late Willis Hills, then district manager, with whom Mr. Harder was active in the work of the Rotary Club for many years.

In 1926, he was appointed Division Commercial Agent in Albany and two years later was transferred to Monticello as commercial manager of the Sullivan District January 1, 1931. The Kingston District comprises Kingston, Poughkeepsie, Newburgh, Monticello, Ellenville, Liberty, Saugerties, Catskill and surrounding territory.

Mr. Harder has been prominent in civic and church affairs in Kingston for a number of years. He is a member and past president of the Kingston Rotary Club and a member of the Chamber of Commerce.

Action Comes Soon After Kern Says He Would Seek Senate Probe

WILLIAM S. ROBINSON

Alfred L. Harder, Telephone Official, Will Be Retired

Kansas City, May 20 (AP)—The Jackson County Grand Jury today returned 29 indictments against 27 persons, all but one of the charges involving alleged vote fraud in the primary election here last August.

Names of those charged, and details of the actual violations charged were kept secret pending arrest of those named in the indictments.

The Grand Jury, which began its investigation March 29 with a mass of evidence obtained by the Kansas City Star, returned indictments April 21, against 19 persons—election judges, clerks and precinct workers—on charges of fraud in connection with the primary.

In the first indictments, the judges and clerks were charged generally with making a "false result," others were named as accessories to the alleged false returns.

Just last night Senator Kern (R-Mo.) said at Washington he would introduce a resolution asking the Senate Judiciary Committee to investigate what he called the failure of the justice department to act on reports of vote frauds in Missouri's Fifth Congressional District last August.

Kern made public correspondence with Attorney General Tom Clark in which the latter said the Federal Bureau of Investigation made a full inquiry and that "no evidence of a Federal violation was established."

The Missouri senator said that his resolution would direct the Judiciary committee to investigate to determine whether Clark "has properly performed his duties with respect to the investigation and prosecution of any law violations which may have occurred in connection with such irregularities."

Rumor of Payroll Theft Not Backed By Local Officials

Endeavoring to run down a rumor current uptown that an office employee of a manufacturing concern in that area had absconded with a payroll for the purpose of gambling in the city, a Freeman reporter was advised by one police official that there was nothing to it.

Chief of Police Ernest A. Boss, when queried, said he knew of no such case, and added that it undoubtedly would have been reported if it had happened.

District Attorney Louis G. Bruhn told the reporter he hadn't heard of the report, and remarked that such cases are handled by the police. His office doesn't go into action until an arrest is made.

Discussion of the rumor ran along the trend that a payroll clerk had taken money and lost it gambling.

Shad Hauls Heavy, Then Letdown Occurs

Heaviest hauls of shad in the Kingston Point area of the Hudson river were made by local fishermen last week it was reported today.

Drifts brought in nearly 100 fish in each haul for several days during the week, the fishermen reported, but the big hauls were followed by a general letdown this week when the catches were as low as 10 and 15 in a net.

The season, which had an unexpectedly late start in the Kingston area this year, lasts until June 15, but the local fishermen generally quit about June 1.

The fishermen reported a heavy run of roe shad through most of the season to date and the run of more valuable fish was said to be heaviest last week.

Roe shad has been retailing at around 15 cents a pound and roe shad at 21 cents.

\$10,000 Is To Be Used In Planning

Allocation Is First
From Fund Built
Up During Years of
War

Pay Is Increased

Laborers, Truck Drivers
Will Benefit From
Advanced Scale

Establishment of a Tumor Clinic to be operated under the direction of the County of Ulster Health Department was assured Monday evening when the Ulster county board of supervisors made available from the county's Post War Planning Commission Fund the sum of \$250,000 for establishment of such a clinic. The sum of \$10,000 was appropriated to meet the cost of preparation of plans and specifications and for advertising for bids.

The fund voted unanimously Monday evening is now available, being a portion of the funds which were provided during the war period for postwar work on a program which also includes the erection of modern office building to house county departments. When construction work was not permitted during the war years the Board annually provided in the budget a considerable sum of money which was placed in a postwar fund in anticipation of a public building program in the postwar period. The Tumor Clinic building is the first construction to be attempted from this fund.

Supervisor Harry Snyder, majority leader of the Board, moved the appropriation and spoke of the need for the establishment of such a clinic. He referred to an annual death of nearly 100 in the county from cancer, and said that through the establishment of a county clinic which would work in close cooperation with the hospitals and the physicians of the county many lives could be saved through the early treatment of cancer. At the clinic, which will be staffed by competent medical men, he said the disease could be studied. He referred to the high death rate from cancer throughout the country and spoke of the increasing deaths.

Gains Are Cited

In moving for the spending of \$250,000 for the erection and equipping of the clinic, Mr. Snyder said cancer was curable in many instances if discovered early and treated. He referred to the fact that the disease could be studied. He referred to the high death rate from cancer throughout the country and spoke of the increasing deaths.

Several years ago one of the first county tuberculosis hospitals here and of its very successful work, he spoke of the laboratory and its outstanding work for the county and paid a high tribute to the work of the recently established County of Ulster Health Department.

The Public Health Nurse program was also referred to as one of the outstanding works of the health work and said by establishment of a tumor clinic the people of the county would be given additional care and protection.

"By putting the tools in the hands of the physicians, it will be possible to give proper care at the proper time to many suffering from cancer and through early treatment many can be cured," Mr. Snyder said.

He also referred to the research work which is being done to find the cause of cancer "and once the cause is established the cure will be routine—and who knows but that the cause of cancer may be found in this new Ulster county clinic," said Mr. Snyder.

The clinic will be established in a new building to be erected on land adjoining the present laboratory adjacent to the city hall and the Kingston Hospital.

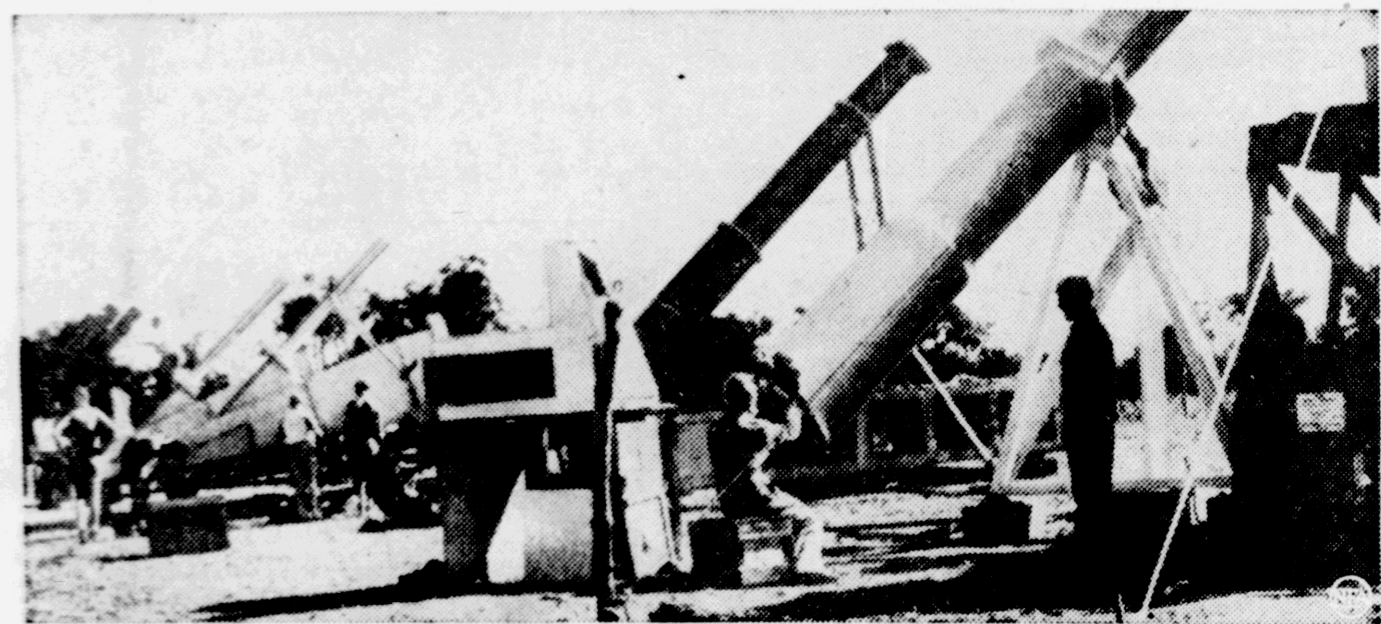

Other Problems Treated

Many other matters were taken up by the board at its meeting, including the matter of disposing of certain parts of the Ulster County Home property at New Paltz, now under the jurisdiction of the county commissioner of public welfare. For years past the county farm has been worked by inmates of the county home and certain outside help. Now it is considered uneconomical and unsound to operate the large farm and attention has been given to disposing of a portion of the farm property. A proposition has been advanced for the sale of the farm lands on the opposite side of the road from the County Home. It was moved that the matter be referred to the committee on County

Alfred L. Harder, Telephone Official, Will Be Retired

Succeeded by W. S. Robinson, War Veteran

Alfred L. Harder, district manager of the New York Telephone Company's Kingston District for the past 16 years, is retiring from active service it was announced today by John H. Paige, division manager. He will be succeeded as district manager in Kingston by William S. Robinson who comes from New York.

Mr. Harder has been associated with the Telephone Company in Kingston and the Hudson valley for almost 40 years. Born in Kingston, he was educated at No. 8 School and Kingston Academy. He was first employed by the Telephone Company as a clerk in the Saurteries Office in 1909.

In 1920, he was appointed manager of the Kingston office. In that capacity, he reported to the late Willis Hills, then district manager, with whom Mr. Harder was active in the work of the Rotary Club for many years.

In 1926, he was appointed Division Commercial Agent in Albany and two years later was transferred to Monticello as commercial manager of the Sullivan Division. He was appointed district manager of the Kingston District January 1, 1931. The Kingston District comprises Kingston, Poughkeepsie, Newburgh, Monticello, Ellenville, Liberty, Saugerties, Catskill and surrounding territory.

Mr. Harder has been prominent in civic and church affairs in Kingston for a number of years. He is a member and past president of the Kingston Rotary Club and a member of the Chamber of Commerce.

Action Comes Soon After Kern Says He Would Seek Senate Probe

Kansas City, May 20 (AP)—The Jackson County Grand Jury today returned 29 indictments against 27 persons, all but one of the charges involving alleged vote fraud in the primary election here last August.

Names of those charged, and details of the actual violations charged were kept secret pending arrest of those named in the indictments.

The Grand Jury, which began its investigation March 29 with a mass of evidence obtained by the Kansas City Star, returned indictments April 21 against 39 persons—election judges, clerks and precinct workers—on charges of fraud in connection with the primary.

In the first indictments, the judges and clerks were charged generally with making a "false return of the true and lawful result," others were named as accessories to the alleged false returns.

Just last night Senator Kem (R-Mo.) said at Washington he would introduce a resolution asking the Senate Judiciary Committee to investigate what he called the failure of the justice department to act on reports of "no evidence of a Federal violation" in Missouri's Fifth Congressional District last August.

Kem made public correspondence with Attorney General Tom Clark in which the latter said the Federal Bureau of Investigation had made a full inquiry and that "no evidence of a Federal violation was established."

The Missouri senator said that his resolution would direct the Judiciary committee to investigate to determine whether Clark "has properly performed his duties with respect to the investigation and prosecution of any law violations which may have occurred in connection with such irregularities."

Rumor of Payroll Theft Not Backed By Local Officials

Endeavoring to run down a rumor current uptown that an office employee of a manufacturing concern in that area had absconded with a payroll for the purpose of gambling in the city, a Freeman reporter was advised by one police official that there was nothing to it.

Chief of Police Ernest A. Boss, when queried, said he knew of no such case, and added that it undoubtedly would have been reported if it had happened.

District Attorney Louis G. Bruhn told the reporter he hadn't heard of the report and remarked that such cases are handled by the police. His office doesn't go into action until an arrest is made.

Discussion of the rumor ran along the trend that a payroll clerk had taken money and lost it gambling.

Shad Hauls Heavy, Then Letdown Occurs

Heaviest hauls of shad in the Kingston Point area of the Hudson river were made by local fishermen last week it was reported today.

Drifts brought in nearly 100 fish in each haul for several days during the week, the fishermen reported, but the big hauls were followed by a general letdown this week when the catches were as low as 10 and 15 in a net.

The season, which has unexpectedly late, says the Kingston area this year, lasts until June 15, but the local fishermen generally quit about June 1.

The fishermen reported a heavy run of roe shad through most of the season to date and the run of 335,141,051.86. Excess of receipts \$1,322,054,941.70, Total debt \$257,470,218,891.38. Increase over previous day \$21,684,264.17, Gold assets \$20,879,074,978.86.

\$10,000 Is To Be Used In Planning

Allocation Is First From Fund Built Up During Years of War Pay Is Increased

Laborers, Truck Drivers Will Benefit From Advanced Scale

Establishment of a Tumor Clinic to be operated under the direction of the County of Ulster Health Department was assured Monday evening when the Ulster county board of supervisors made available from the county's Post War Planning Commission Fund the sum of \$250,000 for establishment of such a clinic. The sum of \$10,000 was appropriated to meet the cost of preparation of plans and specifications and for advertising for bids.

The fund voted unanimously Monday evening is now available, being a portion of the funds which were provided during the war period for postwar work on a program which also includes the erection of modern office building to house county departments. When construction work was not permitted during the war years the Board annually provided in the budget a considerable sum of money which was placed in a post-war fund in anticipation of a public building program in the post-war period. The Tumor Clinic building is the first construction to be attempted from this fund.

Supervisor Harry Snyder, majority leader of the Board, moved the appropriation and spoke of the need for the establishment of such a clinic. He referred to an annual death of nearly 100 in the county from cancer and said that through the establishment of a county clinic which would work in close cooperation with the hospitals and the physicians of the county many lives could be saved through the early treatment of cancer. At the clinic, which will be staffed by competent medical men, he said the disease could be studied. He referred to the high death rate from cancer throughout the country and spoke of the increasing deaths.

Gains Are Cited
In moving for the spending of \$250,000 for the erection and equipping of the clinic, Mr. Snyder said cancer was curable in many instances if discovered early and treated. He referred to the forward steps of the county in health measures, of the establishment several years ago of one of the first county tuberculosis hospitals here and of its very successful work, he spoke of the laboratory and its outstanding work for the county and paid a high tribute to the work of the recently established County of Ulster Health Department. The Public Health Nurse program was also referred to as one of the outstanding works of the health work and said by establishment of a tumor clinic the people of the county would be given additional care and protection. "By putting the tools in the hands of the physicians, it will be possible to give proper care at the proper time to many suffering from cancer and through early treatment many can be cured," Mr. Snyder said.

He also referred to the research work which is being done to find the cause of cancer "and once the cause is established the cure will be routine—and who knows but that the cause of cancer may be found in this new Ulster county clinic," said Mr. Snyder.

The clinic will be established in a new building to be erected on land adjoining the present laboratory adjacent to the city hall and the Kingston Hospital.

Other Problems Treated
Many other matters were taken up by the board at its meeting, including the matter of disposing of certain parts of the Ulster County Home property at New Paltz, now under the jurisdiction of the county commissioner of public welfare. For years past the county farm has been worked by inmates of the county home and certain outside help. Now it is considered uneconomical and unsound to operate the large farm and attention has been given to disposing of a portion of the farm property. A proposition has been advanced for the sale of the farm lands on the opposite side of the road from the County Home. It was moved that the matter be referred to the committee on County

Railroads Face Tough Test Moving Big Wheat Harvest

Chicago, May 20 (AP)—Railroads which soon will start to move the first billion bushel winter wheat crop in the nation's history reported today that their boxcar supply situation was improved over last year.

However, they agreed that transporting such an enormous amount of grain will present a "tough problem."

Within the next 10 days harvesting of this fabulous crop—believed to be the largest any nation ever produced—will start in Texas.

Harvesting will progress northward through Oklahoma, Kansas and Nebraska, and when it is over around mid-July a whopping store of wheat will have been added to the food supply of a world desperately in need of bread.

In this rich agricultural territory railroads now are girding themselves for a job unmatched in peace-time history.

Phoenicia Still Seeks Place to Put Refuse

The village of Phoenicia has undertaken the proposition of acquiring a public "refuse depository" where refuse from the village may be deposited by the citizens. A committee has been working on the matter of securing a site for some time but up to the present no suitable location has been found.

It has been proposed that a refuse district be established on that some other means of disposal of refuse be established. No definite action has been taken as yet toward establishment of a refuse district. A half dozen sites have been investigated but none have proved satisfactory and the committee is still working on the proposition. Efforts of those who have proposed sites have been appreciated by the committee but it was stated today that suggested sites have not proven satisfactory for purchase.

Civic pride has compelled the citizens of the township to seek a refuse depository where refuse may be deposited without defacing the village or creating a nuisance to those who reside in the immediate vicinity.

Will Grant Increase

Lake Success, N. Y., May 20 (AP)—The United Nations will give nearly 2,800 employees a blanket pay increase effective June 16, it was learned today. The boost will go to all staff members except the few now receiving \$8,000 and higher. The increases will graduate from \$350 to \$200 annually with the lower paid workers getting the most.

In Memoriam

In loving remembrance of our beloved husband and father, John Brize, entered into eternal rest one year ago today, May 20, 1946.

With broken hearts of sorrow,
One year ago today,
We watched the one we loved so dearly,
Silently pass away.
No one knows the silent heartache,
Only those who have lost can tell.

Of the grief that is born in silence
For the one we loved so well,

Wadlin Says Bill Merely Backed Decision of Courts

Assemblyman Is Speaker
at Wallkill Meeting;
Says Bill Preserves
All Rights

Monday evening at the Reformed Church, Wallkill, members of the Chamber of Commerce of Wallkill held "ladies' night." There were 173 in attendance and a program of music, by girls from the Wallkill High School, and others, was presented and Assemblyman John Wadlin was the speaker of the evening.

Assemblyman Wadlin told the people that although during the past session of the legislature he introduced 77 bills in the Assembly and 43 of these were passed by both houses and became law, yet it would seem that the only bill the general public has knowledge of is the Condon-Wadlin bill prohibiting strikes by governmental employees.

He told the audience of the reason for the introduction of the bill and what it actually does. He said that it was not until recently that a large group of governmental employees talked of having the right to strike and since it was the established law of the state of New York through court decisions that such employees did not have such a right, it became necessary to re-state the existing law and put it upon the statute books as a policy of the state.

"It will undoubtedly work to the benefit of the greatest number of people because it will keep them from embarking upon an unlawful project," he said. Assemblyman Wadlin read excerpts from Governor Dewey's memorandum filed at the time the governor signed the bill. The governor's message in part as read was:

"Preserves Every Right"
"The bill carefully preserves every right enjoyed by public employees to express their views, complaints and grievances, privately or publicly."

"The conditions of public and private employment are entirely different. The special characteristics of public employment are as follows:

"1. Public service is a public trust not only for elected officials but for all employees. It is a trust in behalf of all the people. A trustee cannot strike or fail in the performance of his duties.

"2. A public employee has as his employer all the people. The people cannot tolerate an attack upon themselves.

"3. The public employee has no employer who may profit from depressed conditions of employment.

"4. The conditions of public employment, the rules governing it, and the revenues available to pay for it are all matters of public record.

"Can Improve Positions
"5. Public employees have the right to improve their conditions through arguments before all the people, before legislative bodies, to administrative officials and, of course, by their own ballots on election day. These rights are so effective that among all the types of employment over the years public employment has been rated as having the best and most desirable conditions.

"Government is not an end in itself. It exists solely to serve the people. The very right of private employees to strike depends on the protection of constitutional government under law. Every liberty enjoyed in this nation exists because it is protected by government which functions uninterruptedly. The paralysis of any portion of government could quickly lead to the paralysis of all society."

The 77 bills sponsored by Mr. Wadlin, dealt in the most part with improving conditions for labor generally. They were in the fields of workmen's compensation, unemployment insurance and the labor law of the state.

One of these bills extended the time for filing a claim for workmen's compensation from one year to two years.

Mr. Wadlin has been a member of the State Assembly for seven years and is at present chairman of the Assembly Committee on Labor and Industries. He is also a member of the Committees on Codes, The City of New York and Internal Affairs.

He has recently been appointed a member of the Joint Legislative Committee on Industrial and Labor Conditions.

BETTER THAN PILLS FOR CONSTIPATION

Finds Famous Breakfast
Cereal Most Helpful of All

Have you given up hope of being "regular" again? Then read this sincere, unsolicited letter:

"I am a registered nurse and I know what a problem constipation is, especially with patients deprived of their usual physical activities. Where pills brought temporary relief, eating KELLOGG'S ALL-BRAN regularly actually prevented irregularity in more cases than I can mention. Your product is a great boon to our modern age." Miss Katherine E. Walsh, Town Hall, Narragansett, Conn.

Yes, eating ALL-BRAN regularly often brings lasting relief from constipation due to lack of bulk in the diet. For best results, eat it for breakfast every day, and drink plenty of water. Try KELLOGG'S ALL-BRAN for 10 days! If by that time you are not completely satisfied, send the empty carton to the Kellogg Company, Battle Creek, Michigan, and get double your money back!

ALL-BRAN is not a purgative but a wholesome food made from the vital outer layers of whole wheat. Eat daily either as cereal, or in baking. Ask your doctor for KELLOGG'S ALL-BRAN.

Wadlin Says Bill Merely Backed Decision of Courts

Assemblyman Is Speaker at Walkill Meeting: Says Bill Preserves All Rights

Monday evening at the Reformed Church, Walkill, members of the Chamber of Commerce of Walkill held "ladies' night." There were 173 in attendance and a program of music, by girls from the Walkill High School, and others, was presented and Assemblyman John Wadlin was the speaker of the evening.

Assemblyman Wadlin told the people that although during the past session of the legislature he introduced 77 bills in the Assembly and 43 of these were passed by both houses and became law, yet it would seem that the only bill the general public has knowledge of is the Condon-Wadlin bill prohibiting strikes by governmental employees.

He told the audience of the reason for the introduction of the bill and what it actually does. He said that it was not until recently that a large group of governmental employees talked of having the right to strike and since it was the established law of the state of New York through court decisions that such employees did not have such a right, it became necessary to re-state the existing law and put it upon the statute books as a policy of the state.

"It will undoubtedly work to the benefit of the greatest number of people because it will keep them from embarking upon an unlawful project," he said. Assemblyman Wadlin read excerpts from Governor Dewey's memorandum filed at the time the governor signed the bill. The governor's message in part as read was:

"Preserves Every Right" "The bill carefully preserves every right enjoyed by public employees to express their views, complaints and grievances, privately or publicly.

"The conditions of public and private employment are entirely different. The special characteristics of public employment are as follows:

"1. Public service is a public trust not only for elected officials but for all employees. It is a trust in which the public has a stake. A trustee cannot strike or falter in the performance of his duties.

"2. A public employee has as his employer all the people. The people cannot tolerate an attack upon themselves.

"3. The public employee has no employer who may profit from a depressed condition of employment.

"4. The conditions of public employment, the rules governing it, and the revenues available to pay for it are all matters of public record.

Can Improve Positions "5. Public employees have the right to improve their conditions through arguments before all the people, before legislative bodies, to administrative officials, and, of course, by their own ballots on election day. These rights are so effective that among all the types of employment over the years public employment has been rated as having the best and most desirable conditions.

"Government is not an end in itself. It exists solely to serve the people. The very right of private employees to strike depends on the protection of constitutional government under law. Every liberty enjoyed in this nation exists because it is protected by government which functions uninterruptedly. The paralysis of any portion of government could quickly lead to the paralysis of all society."

The 77 bills sponsored by Mr. Wadlin, dealt in the most part with improving conditions for labor generally. They were in the fields of workmen's compensation, unemployment insurance and the labor law of the state.

One of these bills extended the time for filing a claim for workmen's compensation from one year to two years.

Mr. Wadlin has been a member of the State Assembly for seven years and is at present chairman of the Assembly Committee on Labor and Industries. He is also a member of the Committees on Codes, The City of New York and Internal Affairs.

He has recently been appointed a member of the Joint Legislative Committee on Industrial and Labor Conditions.

Late Bulletin

Grandview, Mo., May 20 (AP)—Rallying slightly after a restless night, President Truman's gravely ill mother was described today as "just about holding her own."

Presidential Press Secretary Charles G. Ross told at 11:30 a. m. (EST) news conference that 94-year-old Mrs. Martha E. Truman was carried during the morning to a chair in which she rocked for an hour and a half.

Ross quoted the President's physician, Brig. Gen. Wallace H. Graham as saying the elderly woman "thoroughly enjoyed" rocking and talking with the President.

BETTER THAN PILLS FOR CONSTIPATION

Finds Famous Breakfast Cereal Most Helpful of All

Have you given up hope of being "regular" again? Then read this sincere, unsolicited letter:

"I am a registered nurse and I know what a problem constipation is, especially with patients deprived of their usual physical activities. Where pills brought temporary relief, eating KELLOGG'S ALL-BRAN regularly actually prevented irregularity in more cases than I can mention. Your product is a great boon to our modern age." Miss Katherine E. Walsh, Town Hall, Newington, Conn.

Yes, eating ALL-BRAN regularly often brings lasting relief from constipation due to lack of bulk in the diet. For best results, eat it for breakfast every day—and drink plenty of water. Try KELLOGG'S ALL-BRAN for 10 days! If by that time you are not completely satisfied, send the empty carton to the Kellogg Company, Battle Creek, Michigan, and get double your money back!

ALL-BRAN is not a purgative but a wholesome food made from the vital outer layers of whole wheat. Eat daily either as a cereal, or in muffins. Ask your grocer for KELLOGG'S ALL-BRAN.

Two Gunmen Die In Tavern Fight; Patrolman Hurt

New York, May 20 (AP)—Two gunmen were killed and a policeman was wounded early today in a gunfight in a bar and grill in which two of the three customers were mounted patrolmen off duty.

Patrolman Philip Fitzpatrick, 48, fell with two bullet wounds in his abdomen. His condition was reported serious at Both David Hospital.

Patrolman George Demmeyer, 48, fell with two bullet wounds in his abdomen. He opened fire when he heard the gunmen walk in and declare "this is a stickup," police said. Both patrolmen were in civilian clothes.

One of the robbers died at the scene (Gilmartin's Bar and Grill at 1708 Third avenue) and the other was taken to a hospital where he died a short time later from a bullet wound in the abdomen. Police said they could not identify the two men immediately. Both appeared 30 to 35 years old.

Grape-stones have been found with mummies in Egyptian tombs not less than 3,000 years old.

The American Contract Bridge League will hold the summer session of its national championships tournament at the Hotel St. George in Brooklyn, N. Y., beginning Aug. 2. One of the teams I hope to see entered this year won the Crescent City championship at New Orleans, La.—J. L. Rosenblum, Dr. Richard Greene, Louis Rosen and Walter Herbert of New Orleans and Miss Elinor Murdoch of Birmingham, Ala. Last fall this team defeated the world championship titleholders, and just recently they defeated an equally strong team to win at New Orleans.

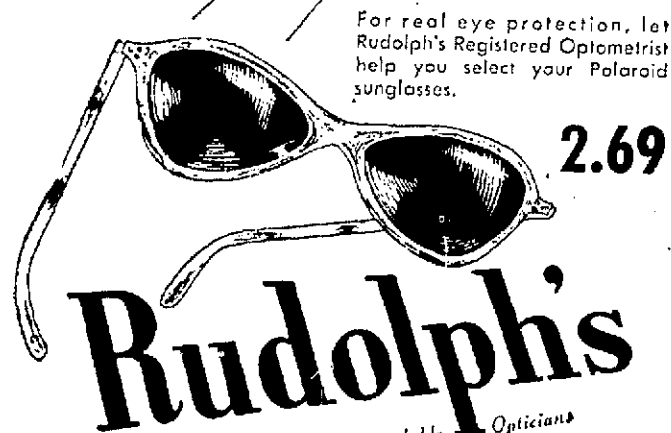

In New Orleans, after a bridge tournament you have to have a cup of coffee, and it was then that Julius Rosenberg gave me today's hand. He said it is one of the greatest hands in bridge, a dummy reversal plus a squeeze play, but he had never seen it made in a tournament—it is always made over a cup of coffee.

On the face of it, it appears that a diamond trick must be lost. Incidentally, North's bid of three spades was a slight stretch, but South could not be blamed for bidding seven.

The opening diamond lead was captured by South's ace. The jack of trumps was played and overtaken by dummy's queen, after which a club was ruffed by declarer's ace. A small trump was overtaken by dummy's ten-spot and another club ruffed by declarer's king. Another small trump was led to the board's nine, and dummy's last club ruffed by declarer's last trump. (Three trump leaders to the board had been made, and three clubs ruffed.)

Now the board was re-entered with a heart to the king, and dummy's deuce of trumps was laid down. East was squeezed. If he threw a heart, South's ace-queen-

TILO ROOFING AND SIDEWALLS

"It was only after great deliberation that I decided to have Tilo Roofing and Sidewalls applied to the 'Victory Home of the Century', says Mr. Koelle. "Situated as it is, nearly half a mile from shore, it is subject to extreme exposure from sun, rain, sleet, snow and even hurricanes. With protection against the real danger points of a house in mind, I felt sure that I could find no better materials than Tilo and none that I could recommend with more assurance."

You, too, can have this same protection.

Why be satisfied with less? Tilo gives you a choice of designs and colors suitable for every type of home. Materials are manufactured to Tilo specifications and applied by Tilo-trained experts. Tilo takes complete responsibility for both materials and application—gives you a written guarantee that the job will be satisfactory over a period of years.

Non-operating railroad unions are
demanding still another raise of

\$568,000,000.00
a year

MR. & MRS. CONSUMER

MR. SHIPPER & MR. FARMER

MR. & MRS. PASSENGER

You would foot the bill!

Look out! There's another big railroad
wage demand headed your way!

The non-operating unions alone—
whose members do not actually operate
trains—are demanding a flat in-
crease of 20 cents an hour. These de-
mands would cost the railroads of the
country five hundred sixty-eight million
dollars a year!

Last year these employees had an
increase of 18½ cents an hour. This
was their third major wage increase
since 1939. Their average weekly
pay has gone up 75%, as against a
cost-of-living rise of 54%.

Since 1939, railroad wage and material
costs have gone up more than three

times as much as freight rates, and five
times as much as passenger fares. That
is why in 1946, with the largest peace-
time traffic in history, the net income
of railroads went down to the equiva-
lent of only 2¼% of the net property
investment.

What About 1947?

Even with the recent freight rate in-
crease, preliminary figures indicate that
the railroads will make only about the
same low return in 1947 as in 1946.
This will be because:

—the wage increase made in 1946 will
be in effect for all of 1947;
—special payroll taxes on railroads
have recently been increased;
—and passenger traffic has declined.

V.A. Adopts Policy To Improve Care In Vets' Hospitals

The Veterans Administration is adopting new policies which will improve nursing care in V.A. hospitals and provide greater opportunities for advancement and education of V.A. nurses, P. William Sheehan, in charge of the Kingston

V.A. contact office at the corner of Fair and John streets, said today.

Mr. Sheehan reported four major revisions of V.A. policy affecting nurses and their work. Professional standards boards are being established to evaluate the qualifications of applicants for V.A. nursing positions. A rotation system is being planned which will enable nurses at isolated hospitals to serve at V.A. hospitals with teaching facilities. A revision of the nurses promotion system is being made. New policies are being adopted to increase the amount of nursing care for each hospitalized veteran.

The professional standards boards, Mr. Sheehan explained, will determine whether each applicant for a nursing position meets basic requirements for appointment and will award grades commensurate with the applicant's professional qualifications. The boards also will study the records of nurses serving probationary periods and recommend separations from the V.A. service when performance is not up to par. Other activities of the boards will include recommendations for promotions, recommendations for disciplinary actions, and consideration of all appeals resulting from board actions.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation. In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly. What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet. Get Carter's Pills right now. Taken as directed, they gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

Cooperation Fails From Suppliers in Newburyport Plan

Newburyport, Mass., May 20 (AP)—This old seaport community has virtually abandoned its widely heralded 10 percent price cutting program—a month after it became effective—because, mer-

chants said, they did not get co-

operation of suppliers. Sponsors said they were still receiving inquiries about the plan, but in reply they were stressing that a 10 percent across-the-board cut cannot be sustained until prices come down all the way from maker to consumer.

The Northeast Essex Development Council, which supported the original 10-day experiment, reported that when the trial period ended first one merchant and then another dropped out quietly although it had been voted to con-

tinue indefinitely.

Almost without exception, merchants said it was too costly to continue without similar cuts from suppliers. For example, one food store reported it lost \$100 in the experiment and shoe retailers said they were unable to obtain a single reduction from suppliers.

Shoppers still benefit, however, in some lines because, sponsors reported, manufacturers of some products have continued to offer reductions, particularly those supplying the city's largest chain department store.

Make Housework Easy

There's a lot of time these days betwixt the planning and the building. Yet those months of waiting for materials can actually be put to work for you. Mentally living in your dream house for a while may prove quite a revelation.

Maybe it's lovely to look at—but, more important, how is it to work in? Suppose, for example, you have purposely omitted a place to eat in the kitchen. Have you figured the number of steps between the cupboard-range-triggrator area and dining room—three times a day? By the time ground for your home is broken, you'll probably decide to include at least a breakfast-lunch bar in the kitchen.

Have you planned a "mud closet" near the back door for the children's wraps and overshoes? Muddy feet can track up a whole house!

What about storage space? Wiring? Many helpful aspects of home planning are discussed in our Reader Service booklet No. 15. Covers problems of planning, financing, building. Forty pages.

Nazi Elements Are Reported 'Victimizing' Other Germans

By GEORGE BOULTWOOD

Hamburg, Germany, May 20 (AP)—Fritz Hietgreis, president of the V.V.N. (Union of Victims of Nazi Persecution), says there is widespread "victimization" of Germans formerly imprisoned in Nazi concentration camps by "Nazi elements and businessmen jealous of their profits."

Hietgreis' charges were echoed, to some extent, by a senior German official responsible for rehabilitation of former internees, who refused, however, to be quoted by name.

Hietgreis said that for a victim of the Nazis to declare himself a former inmate of a concentration camp was to prejudice his chances of rebuilding his life in Germany.

"That is unfortunately true," said the civil official who asked not to be named. "It is most unwise for a man seeking to restart his business to say he was in a concentration camp when applying for his license or for supplies of commodities."

"It would prejudice his chances of success. Firstly, the lower elements of the German civil service have not yet been completely purged of Nazi elements. Secondly, the allocation of raw materials and commodities for retailers is in the hands of trade associations who refuse applications of anyone not in business before 1940. That way they hope to protect their own business."

Hietgreis said he had the names and addresses of 3,600 people in Hamburg persecuted on political, racial or religious grounds who were still living in nissen huts, cellars of bombed buildings or with friends in one room.

He had a dossier full of cases where people forced to sell property at absurd prices before going into the concentration camps had been unable to get it back, although in some cases it was now occupied by Nazi sympathizers.

Both Hietgreis and German rehabilitation officials agreed that German laender (provincial) governments were sympathetic, but virtually powerless. Minimum Pay Order Aids 500,000 Folk

Albany, N. Y., May 20 (AP)—More than 500,000 New York retail trade employees were covered today by a mandatory wage order providing minimum pay of 52½ cents an hour, overtime rates and other benefits.

Industrial Commissioner Edward Corsi said the order, effective yesterday, permitted the State Labor Department to prosecute violators. The only penalty for non-compliance in the past, he added, had been publication of violators' names.

The wage order was promulgated in 1945 and became mandatory for retail trades' workers as a result of action by the last legislature.

156th Non-Coms to Hold Open House at Armory

The Veterans' Non-Commissioned Officers Association of the 156th Field Artillery, New York National Guard, will hold open house at the state armory on Manor avenue, Wednesday night for all former guardsmen.

A full program of fun, refreshments and an interesting business session is scheduled to start at 8 o'clock. If the rally proves a success, it will be an annual event, held just before Memorial Day each year.

Liquid air was first made in 1895.

SAUGERTIES NEWS

Saugerties, May 19—Miss Marion Doubrava of the Main street school grades has left for her home in Peekskill. Mrs. George James of Kingston is filling the vacancy.

The Sigma Club of the local high school held a Mother's Day party at the school house May 12. There were speeches of welcome and a play presented together with a musical program. Later refreshments were served to all in the library.

The Saugerties Society of Little Cardinals has announced again that the Twin State Tree Spraying Service is available at this time and the cost is very small for the work rendered. Those interested should call the Camp Fire Girls, Mrs. Frank White, phone 480, or Mrs. Arthur D. Lamb on Finger street, phone 705.

FINEST BEER WE EVER BREWED

And people are saying—"Finest beer I ever tasted!" You'll know why when you compare Schaefer Beer today with any other beer—domestic or imported. Compare its true-beer golden color. Compare its smooth, aged-in mellowness. That's fine beer, the finest we ever brewed!

First in New York—The first glass of lager beer New Yorkers ever tasted was Schaefer. That was back in 1842. And for more than a century of continuous brewing we've made one thing—and only one thing—fine lager beer. Reason enough why "Our hand has never lost its skill!"

New Yorkers drink more Schaefer—Now, and for many years, New Yorkers have been drinking more Schaefer than any other beer. That's the highest compliment to quality. Today Schaefer is better than ever, for there are no restrictions now on the choicest malt and grains we use.

Will you try a glass? Visit your friendly tavern today. Ask for a glass of this finer beer, on draught. Or enjoy it at home in bottles or cans. It's the finest beer we ever brewed in our 105 years of brewing experience. And we think you'll agree that it's the finest you ever tasted.

Nazi Elements Are Reported 'Victimizing' Other Germans

By GEORGE BOULTWOOD

Hamburg, Germany, May 20 (AP)—Fritz Hietgreis, president of the V.V.N. (Union of Victims of Nazi Persecution), says there is widespread "victimizing" of Germans formerly imprisoned in Nazi concentration camps by "Nazi elements and businessmen jealous of their profits."

Hietgreis' charges were echoed, to some extent, by a senior German official responsible for rehabilitation of former internees, who refused, however, to be quoted by name.

Hietgreis said that for a victim of the Nazis to declare himself a former inmate of a concentration camp was to prejudice his chances of rebuilding his life in Germany.

"That is unfortunately true," said the civil official who asked not to be named. "It is most unwise for a man seeking to restart his business to say he was in a concentration camp when applying for his license or for supplies of commodities."

"It would prejudice his chances of success. Firstly, the lower elements of the German civil service have not yet been completely purged of Nazi elements. Secondly, the allocation of raw materials and commodities for retailers is in the hands of trade associations who refuse applications of anyone not in business before 1940. given special pass which had semi-official status.

Preference Is Promised

Hietgreis said that after liberation concentration camp prisoners were promised preference when seeking employment, guaranteed housing, disability and hardship pensions 50 per cent above the normal rate. He said those promises had not been kept and claimed there was resistance by officials and other businessmen to ex-internees setting up business. Efforts to get licenses and supplies were blocked.

Commenting on this point, the rehabilitation official said it was fairly easy to help those who had businesses before they were imprisoned but it was almost impossible to help young men who were starting careers for the first time after years of imprisonment.

The law provides that they were to have the business of proved active Nazis, but another law requires that those businesses were to be held by a military government custodian, so the two cancel out.

Hietgreis said he had the names and addresses of 3,600 people in Hamburg persecuted on political, racial or religious grounds who were still living in nissen huts, cellars of bombed buildings or with friends in one room.

He had a dossier full of cases where people forced to sell property at absurd prices before going into the concentration camps had been unable to get it back, although in some cases it was now occupied by Nazi sympathizers.

Veteran's Corner

Workers Are Wanted
 George F. Mahar, personnel officer at the Veterans Administration Hospital, Sampson, announces that several professional jobs are as yet unfilled at the hospital.

Personnel needed to complete the hospital staff includes two clinical laboratorians at \$2,394 a year, two laboratorians—one in biochemistry and one in serology—at \$2,644 and 14 nurses at \$2,664 to \$5,905 a year.

The hospital cares for tubercular World War I and 2 vets. Unfurnished one, two and three bedroom apartments are available at monthly rentals from 15 to 25 dollars, with electricity, hot water, cooking stove and heat. Single rooms are also available at 10 dollars monthly.

Employees living in non-housekeeping rooms or apartments may contract for three meals daily at a cost of \$270 per year, or approximately 25 cents per meal.

Qualified applicants are urged to send a completed U.S. Civil Service form to Mr. Mahar, Civil Service regulations stipulate that applicants be considered in the following order of preference: 10-point vets, five-point vets, former federal employees and other applicants.

Civil Service Form 57 may be obtained from the V.A. office, located at the corner of Fair and John streets.

Vets Exempt from Taxation
 The tax law of the State of New York provides various exemptions from real property taxation in the case of vets. However, not all real

property of vets is exempt from taxation.

In substance, the law provides that where real property is purchased with the proceeds of a vet's pension, bonus or insurance paid by the U.S. or New York state, and is owned by said vet or by his wife or widow or dependent father or mother, or by his minor child, then, the property is exempt (except for school taxes) so applied, not in excess of \$5,000, provided a verified application is filed with the assessors.

For additional information as to specific exemptions from real property taxation vets should contact the Ulster County Veterans Service Agency, 240 Fair street, or write to Raymond B. Slack, Director, Local Assessment Bureau, Department of Taxation and Finance, State Office Building, Albany 1, N. Y.

Reminder to Vets
 Memorial Day is around the corner, and many vets have asked whether the sublime significance of that memorable annual ceremony strikes a proper, resonant chord in the minds and hearts of parade watchers.

In reply we reprint a poem written some years ago by a Marine Corps major, Howard N. Simpson:

VICTORY PARADE
 Aye, ring the bells, and blow the horns, and wave the banners high,
 (But do you mind if some of us sit quietly by?)

The ticker tapes are falling in the streets like rain,
 (The wind is blowing sand across the mounds at Alamein.)

Here come the bands, with majorities responding to the cheers,
 (A boy is looking at his sleeve and winking back the tears.)
 "What shall we wear to the dance

tonight? Let's get some fancy things."
 (She's just a girl—the one in black—they sent her back his wings.)
 We won a brilliant battle, and we fought a glorious fight,
 (The ghosts beneath the Bering Sea are bitter cold tonight.)
 "Don't you get excited now, when all the flags are flying?"
 (That woman with the Gold Star pin, I thought I saw her crying.)
 "So Hitler thought that he could fight! We had to show him how!"
 (The blood and tears and toil and sweat have been forgotten now.)
 "Let's go and eat and drink until we're positively filled."
 (Tarawa was the place, I think, they said that he was killed.)
 "Let's move along; we can't stay here till all the marchers pass."
 (His eyes were made of glass.)
 Yes, ring the bells and blow the horns, and wave the banners high,
 (But do you mind if some of us sit quietly by?)

Callanan Company Is Awarded Bid

The contract to furnish the city a minimum of 4,000 tons of road-paving material has been awarded to the Callanan Road Improvement Company of South Bethlehem, N. Y. It was announced today at the office of the Board of Public Works.

The company was low bidder among three submitting bids which were opened at a meeting of the Board of Public Works last Thursday. Decision on the bids was held up pending their inspection by City Engineer Arthur F. Hallinan.

The company's bid was \$7.62 a

ton as against the other bids of \$7.95 and \$8.30.
 The material will be used for the final top-dressing of North Front street and other streets in the city.

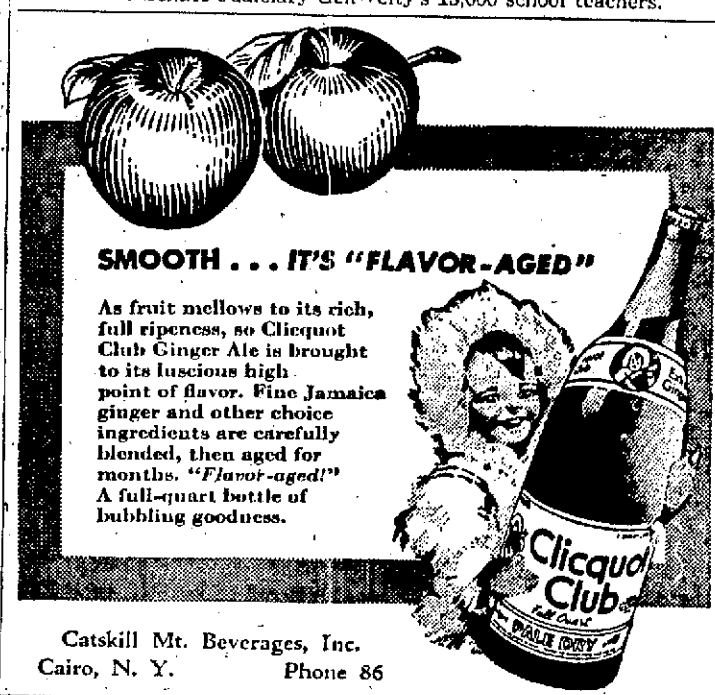

May Ban Car Sales

Harrisburg, Pa., May 20 (AP)—A study of the possibility of banning sales of new automobiles for prices higher than those set by manufacturers through legislation was underway today at the Pennsylvania justice department. The study came as the Senate Judiciary Gen-

eral Committee continued consideration of a bill offered by Senator H. Jerome Jansan (D-Philadelphia), who said his measure was designed "to hit the new car racket," asserting comparatively new cars were being sold as much as \$500 to \$1,000 above new car prices.

Board Will Meet

New York, May 20 (AP)—The board of education will meet late today to consider allocation of \$1,000,000 for pay increases for the city's 13,000 school teachers.

SMOOTH... IT'S "FLAVOR-AGED"

As fruit mellows to its rich, full ripeness, so Clicquot Club Ginger Ale is brought to its luscious high point of flavor. Fine Jamaica ginger and other choice ingredients are carefully blended, then aged for months. "Flavor-aged!" A full-quart bottle of bubbling goodness.

LET'S TAKE A LOOK AT THE GAS BUSINESS

The first three months of 1947

Money taken in
\$520,881

Expenses
\$543,420

YES---THE GAS BUSINESS IS RUNNING AT A LOSS...

and no business can long continue to do this. The money taken in from the sale of gas does not equal the expense of making and distributing it to your homes. The department has been running in the red since August 1946.

The reason is very simple. Fuel costs about 75% more and labor costs about 50% more than our rates provide. Like any housewife in a food or grocery store, our dollars do not go as far as they used to. You see, the present price charged for gas is based upon the cost of fuel and labor in 1934!

The company has therefore asked the Public Service Commission for permission to increase the price charged for gas.

Under the proposed rates--

A family using gas for cooking will pay about one penny more a day.

A family using gas for cooking and water heating will pay about four pennies more a day.

A relatively small number of families using gas for cooking, water heating and househeating will be increased substantially, but then you must remember that this group has been extremely fortunate in that the price for gas heating has been constant since 1934 while families using coal or oil to heat their homes have had to pay progressively more for their fuel over this period.

These are the simple facts in back of our application to the Public Service Commission for permission to increase the price of gas.

Presentation Women's Club 6th Breakfast

The Women's Club of the Presentation met at the Governor Clinton Hotel for its sixth annual breakfast Sunday morning following the 8 o'clock Mass at the church. Mrs. John G. Reynolds, president, welcomed 72 members and friends.

The invocation was given by the Rev. Joseph Conyns, C.S.S.R., pastor. An interesting talk was given by the former pastor, the Rev. Michael J. Curley.

The guest speaker was the very Rev. Msgr. Martin J. Drury, dean of Ulster and Sullivan counties and pastor of St. Mary's Church. He assured the club that he had a keen interest in its work and the church.

Miss Patricia Keefe sang Gounod's "Ave Maria," and "Bells of St. Mary." She was accompanied by Mrs. Robert Fisk. At the close of the program all joined in singing "Holy God, We Praise Thy Name."

The committee who arranged for the breakfast included Mrs. T. J. Beicher, Miss Marilyn Beicher, Mrs. Charles Becher, Mrs. Michael Henry, Mrs. Joseph Fabynick, Miss Mary Barton and Miss Mary Cannon.

BEWARE OF PIN-WORMS

Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.
Watch for the warning signs, especially the embarrassing, itching, anal discomfort.
After centuries of Pin-Worm distress a really effective way to deal with them has been established through JAY'S P.W. the new Pin-Worm treatment developed in the laboratory of Dr. D. J. Jay & Sons.
The small, easy-to-use P.W. tablets give satisfaction or your money back. So why take chances on Pin-Worms! If you suspect this icky infection, ask your druggist for P.W. and follow the directions. It's easy to remember: P.W. for Pin-Worms!

Old Dutch Fair Opens With Auction Tomorrow

Members of the Old Dutch Fair committee at the First Dutch Reformed Church inspect some of the items which will be auctioned at 10 a. m., Wednesday morning. The auction will mark the official opening of the three day fair. From left are Henry Millonig, Jr., and Mrs. William Hinton of the steering committee; Albert E. Milliken, who designed the fair grounds; Mrs. Edwin Lacey, general chairman; and Kenneth Martin, in charge of refitting and repairing the furniture. The auction will be under the direction of Hudson Valley Auctions, Sweet and Keyser, auctioneers. (Freeman Photo)

Old Dutch Fair Opens Tomorrow Morning With Auction, Tours

A number of unusual features are being planned for the annual Old Dutch Fair which will open for three days tomorrow under the auspices of the First Dutch Church of this city. The fairway, attractively designed by Edward Albert Milliken, will be located between Wall and Pearl streets at the rear of the Church House, 52 Main street.

The fair will open at 10 o'clock Wednesday morning, May 21, with an auction conducted by Hudson Valley Auctioneers, Inc. Among the items offered will be tables, chairs, baby carriages, desks, beds, linen damask table wear, dishes and glass ware. All furniture has been carefully rebuilt and finished by members of the Men's Club under the direction of Kenneth Martin. Light refreshments will be served on the grounds to accommodate those attending the sale.

Also opening at 10 o'clock tomorrow will be the historic Van Looven Mansion, corner Main and Wall streets. Visitors may be conducted on tours of the house until 8 p. m. Another feature continuing throughout the entire three days will be the exhibit of flower prints at the church house.

The fair proper will open each day from 12 noon until 11 p. m. A special feature in this department will be the making of recordings on the fair grounds by David Freer, Jr. Three double records of the choir of the church have already been made by Mr. Freer and will be on sale. Another feature will be a set of seven attractive interior and exterior views of the historic First Dutch Church taken by William F. Murray, local photographer.

Of special interest to young visitors will be the pony and donkey rides as well as a pony cart and jeep. There will also be many games and book and toy booths. Another booth will offer new hand made children's clothing.

The booths will offer for sale such items as costume jewelry, aprons and miscellaneous gifts. The pantry shelf will be stocked with home made foods. Potted plants will be on sale. Refreshments will be on sale through the three days.

Special features for the last three days of the fair will include a meat-leaf luncheon Thursday noon and a baked ham and baked fish dinner Friday night. The fair will close Friday evening with a gala block dance, 9 to 12 p. m. The dance will be held in the block in front of the church house.

Presentation Women's Club 6th Breakfast

The Women's Club of the Presentation met at the Governor Clinton Hotel for its sixth annual breakfast Sunday morning following the 8 o'clock Mass at the church. Mrs. John G. Reynolds, president, welcomed 72 members and friends.

The invocation was given by the Rev. Joseph Commons, C.S.B., pastor. An interesting talk was given by the former pastor, the Rev. Michael J. Curley.

The guest speaker was the very Rev. Msgr. Martin J. Drury, dean of Ulster and Sullivan counties and pastor of St. Mary's church. He assured the club that he had a keen interest in its work and the church.

Miss Patricia Keefe sang Gounod's "Ave Maria," and "Bells of St. Mary." She was accompanied by Mrs. Robert Fisk. At the close of the program all joined in singing "Holy God, We Praise Thy Name."

The committee who arranged for the breakfast included Mrs. T. J. Beichert, Miss Marilyn Beichert, Mrs. Charles Beichert, Mrs. Michael Henry, Mrs. Joseph Fabsack, Miss Mary Barton and Miss Mary Cannon.

BEWARE OF PIN-WORMS

Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.
Watch for the warning signs, especially the embarrassing, nagging rectal itch. After centuries of Pin-Worm distress a really effective way to deal with them has been established through JAYNE'S P-W, the new Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son. The small, easy-to-take P-W tablets give satisfaction for your money back. So why take chances on Pin-Worms! If you suspect this icky infection, ask your druggist for P-W and follow the directions. Old Dutch Fair Opens With Auction Tomorrow

Members of the Old Dutch Fair committee at the First Dutch Reformed Church inspect some of the items which will be auctioned at 10 a. m., Wednesday morning. The auction will mark the official opening of the three-day fair. From left are Henry Millonig, Jr., and Mrs. William Hilton of the steering committee; Albert E. Milliken, who designed the fair grounds; Mrs. Edwin Lacey, general chairman; and Kenneth Martin, in charge of refitting and repairing the furniture. The auction will be under the direction of Hudson Valley Auctions, Sweet and Keyser, auctioneers. (Freeman Photo)

Old Dutch Fair Opens Tomorrow Morning With Auction, Tours

A number of unusual features are being planned for the annual Old Dutch Fair which will open for three days tomorrow under the auspices of the First Dutch Church of this city. The fairway, attractively designed by Edward Albert Milliken, will be located between Wall and Pearl streets at the rear of the Church House, 52 Main street.

The fair will open at 10 o'clock Wednesday morning, May 21, with an auction conducted by Hudson Valley Auctioneers, Inc. Among the items offered will be tables, chairs, baby carriages, desks, beds, linen damask table wear, dishes and glassware. All furniture has been carefully rebuilt and finished by members of the Men's Club under the direction of Kenneth Martin. Light refreshments will be served on the grounds to accommodate those attending the sale.

Also opening at 10 o'clock tomorrow will be the historic Van Leuven Mansion, corner Main and Wall streets. Visitors may be conducted on tours of the house until 8 p. m. Another feature continuing throughout the entire three days will be the exhibit of flower prints at the church house.

The fair proper will open each day from 12 noon until 11 p. m. A special feature in this department will be the making of recordings on the fair grounds by David Freer, Jr. Three double records of the choir of the church have already been made by Mr. Freer and will be on sale. Another feature will be a set of seven attractive interior and exterior views of the historic First Dutch Church taken by William F. Murray, local photographer.

Of special interest to young visitors will be the pony and donkey rides as well as a pony cart and jeep. There will also be many games and book and toy booths. Another booth will offer new hand made children's clothing.

The booths will offer for sale such items as costume jewelry, aprons and miscellaneous gifts. The pantry shelf will be stocked with home made foods. Potted plants will be on sale. Refreshments will be on sale through the three days.

Special features for the last three days of the fair will include a meat-leaf luncheon Thursday noon and a baked ham and baked fish dinner Friday night. The fair will close Friday evening with a gala block dance, 9 to 12 p. m. The dance will be held in the block in front of the church be-

tween Fair and Wall street with music furnished by the Gentlemen of Swing, a five piece orchestra directed by Francis Daney. The group in charge of arranging the booths includes Mrs. Edwin Lacey, Mrs. William Hilton, Mrs. Amos Newcombe, Mrs. Hiram Whitney, Mrs. Samuel Watts, Mrs. Henry Sniffen, Miss Dorothy Johnston, Mrs. Edward DeWitt, Mrs. Charles Bell, Mrs. Frederick Schoonmaker, Mrs. George Schneider, Mrs. M. Donald Lane, Mrs. Richard Morse, Mrs. Philip Stone, Mrs. Ellis Griffith, Mrs. W. D. Swartzmiller, Mrs. Orlando D. B. Inalls and Mrs. Harriet See. In case of rain the booths will be moved into the Church House, church and chapel.

Marchetti-Papillo Wedding Takes Place In St. Joseph's Church

The wedding of Miss Katherine L. Papillo, daughter of Mr. and Mrs. Joseph Papillo of 17 Grandview avenue, to Euclide E. Marchetti, son of Mr. and Mrs. Azaria Marchetti, 101 Green street took place Sunday at 2:30 p. m. in St. Joseph's Church. The Rev. Magr. Stephen P. Connelly officiated at the double ring ceremony. Mrs. Frank Rafferty was organist. Anthony Bonacci, soloist, sang Rosewig's "Ave Maria," and Lord's "Mother Beloved." The church was decorated with baskets of spring flowers and candles. Mr. Papillo escorted his daughter. Her gown was fashioned with a fitted white shawl collar bodice, yoke and cap sleeves of marquisette and full marquisette skirt with long train. She wore white sharkskin gloves to match her gown and a fingertip veil with a tulle of orange blossoms. She carried a shower bouquet of white roses and swansonia.

Miss Eva Marchetti, sister of the bridegroom, was maid of honor. She wore a pink marquisette gown with matching headpiece of flowers and veiling and carried a nosegay of blue carnations and pink roses. Miss Olga Marchetti, another sister, and Miss Rose Papillo, cousin of the bride, were bridesmaids. Their gowns were pale blue nylon and satin. They wore matching headpieces and carried nosegays of pink roses and pink carnations.

Joseph Papillo, cousin of the bride, acted as best man. Ushers were Ulysses Marchetti, brother of the bridegroom, and John Diltmar. A reception for 50 guests was held at The Barn. Afterward Mr. and Mrs. Marchetti left for a wedding trip to Canada. The bride chose for traveling a three piece black and gray suit with grey accessories and corsage of white roses. They will reside at 17 Grandview avenue.

Mrs. Marchetti attended Kingston High School. Mr. Marchetti, a graduate of Kingston High School, is employed at Mystic The Co., Newburgh. He served five years in the army medical corps, two of which he served in Europe with the Medical Administration Corps. He received his discharge last year as a first lieutenant.

VISITORS VS. RADIO
This subject suddenly has become a leading one in my mail and is far from easy to answer because of its many angles. "Last evening I visited an old friend with whom talking always has been a delight. Recently, however, this friend was married and going to see her is no longer a pleasure. For husband listens to the radio almost continuously. That I wouldn't mind if he would sit beside it and listen. But he 'shushes' everyone who so much as whispers. Since they have only a one-room apartment, my friend and I had to stay in the same room with him and I didn't dare say a word, during the hour and a half I waited, about the matter I was anxious to discuss. Is it courteous for a host or hostess to insist upon silence during a guests' whole visit? It seems inexcusably inconsiderate to me." Considering this one situation, it depends first of all whether or not the wife was interested also in this particular program (or programs). If she was, then you should have said you would come back another day at another hour. If she wasn't, then surely you and she could have sat on the far side of the room where neither his program nor your voices could have disturbed each other.

Mrs. Frank Rafferty was organist. Anthony Bonacci, soloist, sang Rosemary's "Ave Maria," and Lord's "Mother, Beloved." The church was decorated with baskets of spring flowers and candles. Mr. Papillo escorted his daughter. Her gown was fashioned with a fitted white sharkskin bodice; yoke and cap sleeves of marquisette and full marquisette skirt with long train. She wore white sharkskin gloves to match her gown and a fingertip veil with a taria of orange blossoms. She carried a shaggy bouquet of white roses and swansonia.

Miss Eva Marchetti, sister of the bridegroom, was maid of honor. She wore a pink marquisette gown with matching headpiece of flowers and veiling and carried a nosegay of blue carnations and pink roses. Miss Olga Marchetti, another sister, and Miss Rose Papillo, cousin of the bride, were bridesmaids. Their gowns were pale blue nylon and satin. They wore matching headpieces and carried nosegays of pink roses and pink carnations.

Joseph Papillo, cousin of the bride, acted as best man. Ushers were Ulyse Marchetti, brother of the bridegroom, and John Dittmar.

A reception for 50 guests was held at The Barn. Afterward Mr. and Mrs. Marchetti left for a wedding trip to Canada. The bride chose for traveling a three piece black and grey suit with grey accessories and corsage of white roses. They will reside at 17 Grandview avenue.

Mrs. Marchetti attended Kingston High School. Mr. Marchetti, a graduate of Kingston High School, is employed at Mastie Tile Co., Newburgh. He served five years in the army medical corps, two of which he served in Europe with the Medical Administration Corps. He received his discharge last year as a first lieutenant.

Stork Shower

A stork shower was held in honor of Mrs. Charles Martini, Jr., of German street, Thursday evening at the home of Mrs. Charles Martini, Sr., 65 Clinton avenue.

Those attending were the Mmes. Samuel Amato, John Hogan, Joseph Moore, Chris Ortleb, Clarence Uhl, Edward Norton, Virgil Kelly, James Conlin, Bernard Murray, Harrison Wolven, Grace Dutcher, Charles Martini, Sr., and the Misses Betty Uhl and Johanna Martini.

Willis Myers, Julia Delamater, Married Saturday in Saugerties
Julia L. Delamater and Willis Myers were united in marriage at 8 p. m. Saturday in Trinity Episcopal Church, Saugerties. The Rev. Peter Hill performed the ceremony. They were attended by Mrs. Grace L. Hill of Oneonta, sister of the bride, and Henry Carlson of New York city.

Mrs. Myers formerly operated the Mt. View Park restaurant on the Saugerties road. Mr. Myers is the owner of the Twin Maple Hatchery, Saugerties.

VISITORS VS. RADIO

This subject suddenly has become a leading one in my mail and is far from easy to answer because of its many angles: "Last evening I visited an old friend with whom talking always has been a delight. Recently, however, this friend was married and going to see her is no longer a pleasure. Her husband listens to the radio almost continuously. That I wouldn't mind if he would sit beside it and listen. But he 'shushes' everyone who so much as whispers. Since they have only a one-room apartment, my friend and I had to stay in the same room with him and I didn't dare say a word during the hour and a half I waited, about the matter I was anxious to discuss. Is it courteous for a host or hostess to insist upon silence during a guests' whole visit? It seems inexcusably inhospitable to me."

Considering this one situation, it depends first of all whether or not the wife was interested also in this particular program (or programs). If she was, then you should have said you would come back another day at another hour. If she wasn't, then surely you and she could have sat on the far side of the room where neither the program nor your voices could have disturbed each other.

Dodgers Score Nine Runs in Fifth to Crush Peekskill, 9-2

Sweep Series from 1946 Champs And Gain Game and a Half Lead

Even a master of jurisprudence would find it difficult to determine the most important developments last night at municipal stadium. To a journeyman member of the sports writing fraternity they would seem to rate in this order:

1. The Kingston Dodgers played another ball game as the result of another climatic miracle.

2. The Dodgers battered in the collective ears of Manager Al Gardella's Peekskill Highlanders, 9 to 2, to sweep the three game series and securely entrench themselves in first place, a game and a half ahead of the second place Mahanoy City Bluebirds.

Taylor's Faith Justified

Gardella, who is rapidly achieving the reputation of Public Enemy No. 1 to Kingston baseball fans, called on his ace right hander, Howie Atkinson, to salvage the series finale and for four innings his choice seemed an admirable one. Came the fifth and Kingston tore the game apart with a nine run blast highlighted by Manager "Sugar" Scherger's tremendous triple to deep center.

Alton Gilbert pitched a steady seven-hitter for the Dodgers. He was nipped for at least one hit in six of the nine frames but was invincible in the last four innings.

Gardella Homers

Gardella sent Peekskill ahead 1-0 in the fourth with a deep ball to right center field. The Peekskill skipper beat the relay to the plate in a photo finish and was given a homer. Quite a rhubarb developed at the plate but Umpire Simpson's decision stuck and Peekskill had a run. The visitors made it 2-0 in the fifth on a walk to Ragusa, Atkinson's sacrifice and a single by Long, new second sacker.

Although Atkinson was blowing his fast ball past the hapless Dodgers in the first four innings and the locals trailed by a pair, Business Manager Paul Taylor strolled into the press box and calmly predicted that Kingston would blow the game apart with one big inning.

Mr. Taylor may have been facetious about it all, but he had something. Atkinson started the fateful fifth by doling out passes to Dave Myers and Big Rudy Antonetz. Gilbert forced Myers at third on an attempted sacrifice. Kerr's looper to center fell between DeToia and Kropf for a single, loading the sacks.

Rosa Drives in Run

Knobby Rosa, who has yet to explode a home run ball, sliced a single past third baseman Lukasinski, scoring Antonetz and Gilbert for a 2-2 deadlock. Both runners advanced on Lane's hoist to deep center setting the stage for "Sugar" Scherger's rousing 400-trip to left center. Scherger worked the count to 3 and 2 before he rifled a fast ball to deep center, where Kropf made desperate bid to haul it down. Atkinson walked Warfield and winged Orleman with a pitched ball and made his exit from the game. What followed after that was something from out of a Gilbert and Sullivan comic opera. The Highlanders began throwing the ball around the lot and when the confusion cleared up, the Dodgers had amassed nine runs on exactly four hits, three walks, a hit batsman, a couple of errors of commission and several of omission.

DODGER DOINGS—We haven't yet seen a better player than "Sugar" Scherger, the Dodger pilot. . . . Kingston pitchers are proving tough in the stretch. . . . Kropf, Peekskill's No. 5 hitter, fanned the first three times up. . . . Blasts were Gardella and Scherger were well tagged. . . . Dave Myers drove De Toia a country mile for his blast to deep left in the seventh. . . . Lukasinski, Peekskill third sacker, is rated the best in the league, but at his present pace, Knobby Rosa will be challenging him. . . . Scherger, Myers and Rosa were sensational in the field. . . . Umpire Simmons experienced a relatively quiet night

Will Know in 2 Weeks
New York, May 20 (AP)—The results of the sectional trials for the 100 berths in the Professional Golfers Association's championship field at Detroit June 18-24 are in, but it will be at least two weeks before the qualifiers are known. The pros competed at 28 sites throughout the country yesterday, but since the P.G.A. had no way of knowing in advance how many of its eligible members participated, the scores had to be forwarded to the Association's Chicago office where the list will be made up. Qualifiers will be announced about June 1.

Baseball School Continues at 'Y'

The third in the weekly series of baseball lectures sponsored by the Kingston Athletic Association will be held at the Y.M.C.A. Wednesday at 7 o'clock.

Judge Bernard "Bud" Culliton, the baseball instructor, will lecture on first base technique. All baseball players of grade and high school age are invited to attend. The lectures are highly informative and entertaining, with practical demonstrations and a question and answer period.

K.W.B.A. Dinner Is Colorful Function at Mirror Lake Lodge

With approximately 200 bowlers and guests present, the annual dinner-dance of the Kingston Women's Bowling Association held Sunday night at Mirror Lake Lodge on 9-W was the most artistically brilliant bowling function ever held in Kingston.

Championship awards were made to Mayor William F. Edelmuth's Mayorettes in the Emerick Ladies League, and Addison Jones' Darettes in the Colonial Women's League.

Evelyn Dolson, president of the K.W.B.A., acted as toastmaster and introduced several speakers, including District Attorney Louis G. Bruhn, past president of the Kingston Bowling Association; Mayor Edelmuth, Addison Jones, Peter Keresman, past president of the K.B.A.; and Charlie Tiano, sports editor of The Freeman. Numerous team and individual awards were made with the large number of trophies occupying two large tables.

Rose Schatzel Honored
Rose Schatzel, Kingston's top woman bowler, was showered with gifts. The K.W.B.A. presented her with a beautiful watch. Addison Jones, sponsor of the Darettes, presented her with a travelling bag, while an anonymous friend gave her a ring.

Entertainment was furnished by a group of pupils of the Cashin School of Dancing, with young Lee Barnett as the headliner. The Mirror Lake Lodge Hawaiian trio furnished incidental music and a hula dancer.

The banquet climaxed a tremendously successful season in which Kingston women bowlers earned state and national recognition. The number of team and individual awards were too great to enumerate but everyone present agreed that it was the finest bowling dinner they had ever attended.

City Softball League Opens 1947 Schedule With 5 Games
The City Softball League got under way yesterday, with all five scheduled contests being played with the following results:

Central Lunch 16, Fullers 15
Subway Grill No. 1, 11, Jacobsons 3
B'nai B'rith 4, Subway Grill No. 2, 2
Village Rest 16, Worf's 6
Hercules 3, Berardis Oil 2
Central Lunch came up with four runs in the last of the seventh to eke out a 16-15 victory over Fullers. Jason Goumas, president of the league, threw out the first ball to officially start the season.

Trailing 4-12 at the end of the fourth, the Central Lunch hitters went on a slugging spree to rack up five in the fifth, three in the sixth and the game-winning cluster of four in the seventh.

DeCicco and Fatum of Fullers rapped home runs, while Carl cracked two triples, and Hunt had three doubles for Central Lunch. Madden and Russo also had two batters for the winners.

B. Hunt had "4 for 4" for Central Lunch, including three doubles and a single. Houghtaling poked three singles, while Carl, Russo, Madden, Stalter came up with two hits each. DeCicco hit a home run and single for Fullers.

D. Basch and S. Halpern formed the winning battery for B'nai B'rith in their 4-2 win over Subway Grill No. 2. Riggins and Grube worked for the losers.

Halpern cracked a home run in the first inning and D. Basch applied the clincher with a double scoring two men in the sixth.

The score:
Fullers 075 002 1-15 8
Central Lunch .. 130 053 4-16 15
Osterhout and Amarello; B. Hunt and T. Albany.

Stamford, Conn.—Leo Lebrun, 129½; New York—outplayed Rocky Prognano, 132½; Stamford, (10).

New York—Leo Matriccione, 208; Baltimore, outplayed Cleo Everett, 202½; New York, (10).

Hogan Will Face Old Philly Jinx
Will Test Luck Against 86 at Cedarbrook

By RAY PETERSON
Philadelphia, May 20 (AP)—Ben Hogan, the Texas tornado who copped the national P.G.A. golf tournament last year, returns here Thursday hopeful of blasting the eight-year-old links jinx that has dogged him on three previous visits to Quaker city fairways.

Fresh from the Colonial Invitational at Fort Worth, Tex., where he pocketed \$3,000 in prize money and moved back into the win column, Hogan will test his luck against a field of 86 in the \$15,000 Philadelphia Inquirer invitational at Cedarbrook Country Club.

In 1939 after blazing out a brilliant first round 67, Hogan bogged down in the remainder of the National Open at Philadelphia Country Club to finish far out of the money at 308.

In 1941, the Philadelphia fairways proved his nemesis in the Henry Hurst Invitational at the Torreyes-Frankford course. Ben finished out of the money again—five strokes out with a 291—ending a streak of 56 consecutive prize-netting events.

Last year, when Hogan won the National P.G.A. and \$42,000 in prize money, he wallowed through the third Inquirer Invitational at Llanerch Country Club to finish in a 22nd place tie at 288.

Physician Found Dead in Bathtub

Dr. Gertrude Behrens Dies After Reported Round of Social Affairs

New York, May 20 (AP)—Clad in lounging pajamas, the body of Dr. Gertrude Behrens, 53, physician and surgeon, was found early today in a bathtub of her penthouse apartment at 817 West End avenue by police who said her death was reported by a man acquainted with her.

A police medical examiner estimated the woman doctor had been dead 12 to 15 hours and said an autopsy would be performed later today.

Police said a man giving the name of Victor Johnston, 49, of Monticello Inn, Monticello, N. Y., gave information that Dr. Behrens would be found dead in the apartment.

26,000 Are Back In Detroit Plants; Steel Is Available

Detroit, May 20 (AP)—Approximately 26,000 automotive plant workers returned to their jobs today as seven Briggs Manufacturing Co. plants and four Chrysler divisions were reopened after more than a week's idleness due to a shortage of sheet steel.

Also back in production after a shorter shutdown was Packard's final assembly plant, which closed last Wednesday night.

Resumption of car assembly by De Soto, Dodge, Plymouth and Chrysler will boost this week's total passenger car output modestly but not nearly as much as had been hoped for. Spokesmen for Briggs, which makes bodies for the four Chrysler divisions, and for Packard, said some sheet steel inventory had been built up during the shutdown since May 9, but that receipts of steel had not increased over the volume moving in before the shutdown.

However, with most of the other car makers operating on five-day schedules this week, the total output of passenger cars should go over the 75,000 unit mark. Last week, with the Chrysler divisions put out of production, and other manufacturers on shortened schedules, passenger car output fell to slightly above 53,000 vehicles, lowest weekly level of the year to date.

Conference Is Called

Franklin, N. H., May 20 (AP)—Police officials investigating the nine-day disappearance of Mrs. Audrey J. Erickson, 28, of Floral Park, N. Y., from the home of her uncle, called another conference today to consider several clues brought in during the search. Meanwhile, Mr. and Mrs. Albert Hartley, parents of the missing woman, voiced their objections to a search of their 200-year-old farm in nearby Belmont which they said police had been looking for a secret room. Mrs. Erickson's husband, Gerhard, said he had sent their four-month-old son, Howard, to his parents in Floral Park. Mrs. Erickson vanished on Mother's Day, May 11, after feeding the baby. A daughter of the couple died on Mother's Day four years ago.

Five Men Killed In Plane Wreck During Bad Storm

Electrical Storm in Progress When Army Transport Crashed in Canada; Are Mangled

Windsor, Ont., May 20 (AP)—Three Army Air Force officers and two enlisted men were plunged to their deaths in a rain-soaked wheat field near here last night when their twin-engine C-45 army transport plane went down during a severe electrical storm.

Bits of the plane, together with two partially opened parachutes, torn G.I. clothing and mutilated instruction books, were scattered over a radius of 100 yards.

The five flyers were bound from Wright Field, near Dayton, Ohio, to Selfridge Field, Mich., and were only a few miles from their destination at the time of the crash.

The army identified them early today as:

First Lt. William C. Reilly, 24, Milwaukee.

First Lt. Raymond L. Berke, 26, San Diego, Calif.

First Lt. Milton D. Cunningham, 24, Centralia, Ill.

M/Sgt. Pearl H. Zempter, 29, Sciotoville, Ohio.

Sgt. John H. Kennedy, 40, Lewisburg, Tenn.

Their bodies were mangled beyond recognition and identification was made through flight records at Wright Field.

Authorities at the field said the men were to make advance plans at Selfridge for army air shows throughout the nation to acquaint the public with A.A.F. research and development.

Ontario provincial police and firemen said there was no evidence that the plane exploded or caught fire as it nose-dived into the earth. If a blaze did break out, they added, it was soon extinguished by a driving rain.

Flower Firm Has Open Air Display In Uptown Area

For several days the parking lot adjacent to the Burgevin florist shop at Fair and Main streets has been undergoing alterations to make it into an open air flower shop. The lot has been fenced in and display benches erected and today the open air garden became a reality.

It is the intention of the Burgevin firm to have on display at the open air flower shop various kinds of flowers and a force of salespeople will be present to sell potted plants to customers. At present there is a display of geraniums and other potted plants suitable for Memorial Day use. A line of shrubs and garden vegetable plants will also be on display and for sale at the new market. The market was established for the purpose of making more available to the public the large line of plants which are carried at the greenhouse on Pearl street.

Plans have been made to operate the display throughout the summer months and in winter to display and sell wreaths and evergreens at the Christmas holiday season.

Railroads Face

Continued from Page One through the season without some shortage of cars. "We will go into the season with very few more cars than we did last year," the road said, "and we expect a crop 17 per cent higher than in 1946 and 80 per cent (C.Q.) above the ten year average."

The Missouri Pacific said it was too early to give definite plans, but added "we're going to do all we can to move the crop." Agricultural Department officials estimated the crop, as of May 1, would total 1,025,789,000 bushels, but private reports since that date have said the outlook had further improved. Large demand and high prices are expected to encourage farmers to ship the wheat as soon as possible.

Fighter Pilot Tells

Gainer, who was wearing a life raft and jungle pack containing food and medical supplies, could not see the water.

When he hit the ocean, Gainer said, he became entangled in the shroud lines of his parachute and could not get his life raft inflated for 25 minutes.

Gainer said that he drifted aimlessly until about 3 a. m. (E.S.T.) when he saw lights on the beach and realized he was heading towards shore. Washed ashore at Breezy Point, he was found by Mrs. Grace Cornwell who notified Mitchell Field.

He was picked up by an ambulance from the field and telegrams notifying them of his rescue were sent to his wife in the Canal Zone and his parents, Mr. and Mrs. William G. Gainer at 11 Evans avenue, Freeport, N. Y., only a few miles from here.

Financial and Commercial

New York, May 20 (AP)—A little more short covering and quick-turn buying gave the stock market a selective lift today although many leaders were indifferent and dealings well under those of preceding sessions.

Professionals expanded accounts moderately on the theory that last week's average drop to a 28-month bottom called for at least an intermediate technical comeback. Bullish forces, however, still had to contend with doubts regarding the course of business, labor legislation, tax relief and international problems.

Dealings showed appreciably after a quiet opening and the extreme gains running to 2 points or so were trimmed near the fourth hour with a smattering of minus marks in evidence.

Ahead at one time or another were Santa Fe, Southern Pacific, Chrysler, General Motors, Boeing, J. Case, U. S. Steel, Bethlehem, Kennecott, American Smelting, Dow Chemical, Du Pont, Eastern Air Lines, American Water Works, Colgate-Palmolive, Texas Co., Stetco Oil, Continental Oil, American Woolen, Schenley, and Monsanto Chemical.

Conditional laggards were Carlin-Wright, Douglas Aircraft, Goodyear, Woolworth, Allied Chemical and Owens-Illinois, N. Y. & Harlem Common, "Blue Chip" of the carriers, dropped 25 points at 250 on 10 shares, first sale since April 28.

Bonds improved. Commodities were mixed.

zee, contralto soloist, will render two famous selections, "Deep River," by Harry Burleigh and "The Lord's Prayer" setting by Pearl G. Curran.

Rev. H. D. Oliver to Speak

The committee is also indebted to the Ulster County Evangelical Fellowship for their cooperation in providing the speaker of the evening, Rev. Herbert D. Oliver of the Free Methodist Church at Maplecrest.

The Rev. Mr. Oliver is a graduate of Roberts College, North Hill, N. Y., taking his master's degree at Greenville College, Greenville, Ill. He comes recognized as a deep student of higher education and patriotism, having been at his present charge for the past five years and is very much sought in upper New York as a baccalaureate speaker to graduates in that locality. This is a public observance sponsored by the veteran organizations and it is anticipated a large crowd will be present to greet the speaker.

The entire program will be announced at a later date as also will be the Sunday afternoon service which will be held at Stone's dock that day in memory of those who died at sea.

Rees Swarm Near D.A.R. Headquarters

Bees have their housing problems too, according to Lemuel Howard, caretaker of the D.A.R. building on the corner of Crown and Green streets.

About 11:45 a. m. a swarm of bees buzzed from the large tree outside the building and clustered on the limbs of a small maple across the street.

Mr. Howard said over population was the cause of the grand exodus. He did not speculate as to whether the swarm moved across the street for a housing conference or not.

Quick Settlement Of Cement Strike Predicted Today

Allentown, Pa., May 20 (AP)—A compromise settlement between one cement company and its A.E.L. workers has led two other industrial spokesmen to predict a quick end to a 20-day old strike of 8,000 cement plant workers in three eastern states which has hampered home building.

Alfred E. Douglas, president of the Allentown Portland Cement Company signed a settlement proposal last night and agreed to extend a contract with the United Cement, Lime and Gypsum Workers International Union until April 1, 1948.

The union previously agreed to the proposal at a district meeting at nearby Bath.

Lehigh Portland Cement and Universal Atlas Cement Company spokesmen said when informed of the Allentown compromise their firms "can go along with that proposal—it's very satisfactory."

A 15-cent hourly wage increase agreed upon before the strike started was included in the Allentown contract which is retroactive to April 1. Present wage scales were unavailable.

Samuel L. Diskin, international vice president of the union, commented, "We hope this will establish a precedent to settle our differences with peace and harmony in the industry."

The strike has idled 37 cement plants in eastern Pennsylvania, in the Hudson valley of New York and in Maryland.

Physician Found Dead in Bathtub

Dr. Gertrude Behrens Dies After Reported Round of Social Affairs

New York, May 20 (AP)—Clad in lounging pajamas, the body of Dr. Gertrude Behrens, 53, physician and surgeon, was found early today in a bathtub of her penthouse apartment at 817 West End avenue by police who said her death was reported by a man acquaintance.

A police medical examiner estimated the woman doctor had been dead 12 to 15 hours and said an autopsy would be performed later today.

Police said a man giving the name of Victor Johnston, 49, of Monticello Inn, Montclair, N. J., gave information that Dr. Behrens would be found dead in the apartment.

Johnston, police said, related that he and Dr. Behrens had gone on a round of parties that lasted from Saturday to Monday, returned to the penthouse, and that when Dr. Behrens failed to come out of the bathroom he had gone in and found her lying in the tub, apparently dead.

zee, contralto soloist, will render two famous selections, "Deep River," by Harry Burleigh and "The Lord's Prayer" setting by Pearl G. Curran.

Rev. H. D. Oliver to Speak

The committee is also indebted to the Ulster County Evangelical Fellowship for their cooperation in providing the speaker of the evening, Rev. Herbert D. Oliver of the Free Methodist Church at Maplecrest.

The Rev. Mr. Oliver is a graduate of Roberts College, North Chili, N. Y., taking his master's degree at Greenville College, Greenville, Ill. He comes recommended as a deep student of high-level education and patriotism, having been at his present charge for the past five years and is very much sought in upper New York as a baccalaureate speaker to graduates in that locality. This is a public observance sponsored by the veteran organizations and it is anticipated a large crowd will be present to greet the speaker.

The entire program will be announced at a later date as also will be the Sunday afternoon service which will be held a Stone's dock that day in memory of those who died at sea.

Kem Asks Probe

Washington, May 20 (AP)—Senator Kem (R-Mo.) asked the Senate today to investigate what he called the "failure" of Attorney General Clark and the Justice Department to act on alleged irregularities in the Democratic primary last year in Missouri's fifth district. "Vote frauds on a large scale have again occurred in my home city of Kansas City," Kem told the Senate, and apparently there has been a dereliction of duty on the part of the attorney general of the United States in failing to prosecute the guilty persons.

Bees Swarm Near D.A.R. Headquarters

Bees have their housing problems too, according to Lemuel Howard, caretaker of the D.A.R. building on the corner of Crown and Green streets.

About 11:45 a. m. a swarm buzzed from the large bee tree outside the building and clustered on the limbs of a small maple across the street.

Mr. Howard said over population was the cause of the grand exodus. He did not speculate as to whether the swarm moved across the street for a housing conference or not.

Commerce. He is an elder of the Reformed Church of the Comforter in which he was active in organizing Boy Scout groups. He has also participated extensively in Y.M.C.A. and boys' club activities.

William S. Robinson, the new district manager, has been with the Telephone Company almost a quarter of a century. After attending New York University, he started as a clerk in Brooklyn in 1924. In 1928, he was appointed manager of the Williamsburg office in Brooklyn.

In 1930, he was transferred to the general staff in the Long Island area and, for the next 10 years, he held several staff positions of increasing importance.

He entered the army as a first lieutenant in the Signal Corps in November, 1942. He served at various training fields in this country and as Communications Officer, 13th Air Force in the Philippines. He was discharged in June, 1946, with the rank of major and was made district manager of the Williamsburg District in Brooklyn where he has remained until his present appointment.

Quick Settlement Of Cement Strike Predicted Today

Allentown, Pa., May 20 (AP)—A compromise settlement between one cement company and its A.F.L. workers has led two other industrial spokesmen to predict a quick end to a 20-day old strike of 8,000 cement plant workers in three eastern states which has hampered home building.

Alfred E. Douglas, president of the Allentown Portland Cement Company signed a settlement proposal last night and agreed to extend a contract with the United Cement, Lime and Gypsum Workers International Union until April 1, 1948.

The union previously agreed to the proposal at a district meeting at nearby Bath.

Lehigh Portland Cement and Universal Atlas Cement Company spokesmen said when informed of the Allentown compromise their firms "can go along with that proposal—it's very satisfactory."

A 15-cent hourly wage increase agreed upon before the strike started was included in the Allentown contract which is retroactive to April 1. Present wage scales were unavailable.

Samuel L. Diskin, international vice president of the union, commented, "We hope this will establish a precedent to settle our differences with peace and harmony in the industry."

The strike has idled 37 cement plants in eastern Pennsylvania, in the Hudson valley of New York and in Maryland.

Cultural Project Approved

Washington, May 20 (AP)—The House Foreign Affairs Subcommittee today approved legislation to establish an "Office of Information and Educational Exchange" in the State Department.

Bohan Issues Poppy Appeal

Veterans Urged to Wear Poppy on Saturday

An appeal to all veterans of both world wars to honor their fallen comrades by wearing a poppy on Poppy Day next Saturday was issued by Thomas Bohan, commander of Kingston Post, American Legion.

Commander Bohan also asked that generous contributions be made for the welfare of disabled veterans, their families and the dependents of deceased veterans on Poppy Day. In his appeal he said:

"Let us all show by wearing a poppy that we have not forgotten those comrades of ours whom we left behind on the battle fields in so many parts of the world. We can never forget them of course, but others who were not so close to them may forget how they gave their lives in the nation's service. We should set a glowing example of remembrance by putting on a poppy the first thing on Poppy Day."

"We should remember, too, those other comrades who did not die but are still fighting a grim battle against wounds and illness in the veterans hospitals. They made the poppies. The contributions we make for the memorial flowers are for them, their families and the families of the dead. Many of us do not have much to give, yet I am sure that veterans will set an example of generosity for all other citizens."

Memorial poppies, made by disabled veterans will be distributed throughout the city on Saturday by volunteer workers from Kingston Unit of the American Legion Auxiliary.

Legion Nine Will Drill Wednesday

Candidates for the Kingston Post American Legion baseball squad are requested to report for a workout at the state armory grounds Wednesday evening at 6:30 o'clock.

All ex-servicemen interested in signing with the team are urged to attend the workout. Kingston Post expects to field a team in the Ulster County American Legion League.

Players signed to date are Angelo Corrado, Mike Milano, Vince Clearwater, Bob Clearwater, Frank Spada, Nate Armstrong, Marvin Cole, Dick Howard, Bob Hunt and Teddy Brooks.

Announcing THE BENDIX automatic Ironer

Takes the work out of Ironing Like the Bendix took the work out of washing

SO EASY! EVEN A CHILD CAN OPERATE IT!

I CAN SEE IT IRONING

JUST MY SPEED

FITS ME, TOO

IT'S GOT EVERYTHING

... and here's why: It was "designed" by housewives. We talked to thousands, found out what they wanted in an ironer, then put our engineers—the famous Bendix Washer engineers—to work. The result: an ironer that is really new, remarkably better.

BENDIX automatic Ironer

1. In the new Bendix Ironer the shoe is under-the-roll. Nothing to block your vision. The garment can be seen right up to the second the shoe takes hold.

2. The Bendix will take the Ironing from you just as fast as you want to feed it. And Three Open Ends cut down handling, make difficult ironing tasks easy.

3. Tall, short, stout or lean—everybody fits when she sits at the Bendix. It adjusts to height, to reach, to leg-length, even to thigh-thickness! The operator never has to crane or stretch or squirm. The Bendix fits you!

ALL THIS MEANS A NEW EASE IN IRONING YOU'VE NEVER KNOWN BEFORE
COME IN AND LET THE NEW BENDIX IRONER SPEAK FOR ITSELF

Home to make a study as to what portions of the farm should be retained and what portion may be sold. The committee will report back with recommendations as to what part shall be sold at public auction.

Another matter which brought forth considerable discussion was the proposal to increase the burial payment for soldier, sailor, marine and other service persons and their families. Under the Social Welfare Law authority has been granted to increase the payment up to \$175. It was moved that Ulster county increase its burial fund from its present \$50 to \$175. Supervisor Kelb moved that the resolution be amended to provide for payment not to exceed \$100 for a suitable headstone as also provided under the same law. He also sought to make the provisions retroactive to January 1, 1947. The sum of \$35 may now be spent for a headstone.

There was considerable discussion on the matter and County Attorney Frederick Stang stated it was not legal to make the payments retroactive since the law said the county "may" increase its appropriation.

The original resolution was changed to meet the suggestion of Mr. Kelb and the resolution was adopted providing for payment of not to exceed \$100 for a headstone. The amendment was withdrawn when the text was included in the original resolution.

Pay Rates Increased
On motion of Supervisor Harry Snyder the rate of pay for laborers in the highway department was increased from 75 cents per hour to 85 cents per hour and the rate for motor equipment operators from 90 cents to \$1 per hour.

The position of assistant county attorney was temporarily extended to December 31, 1947 in order that work of disposing of county lands acquired at tax sales might be carried on. Raymond Mino now occupies the temporary position which would expire on June 30, 1947, had not the extension been granted.

The sum of \$1,500 was transferred from the Surplus Fund to the Parking Lot fund for maintenance of the John street parking lot and for the attendant salary. A communication was received from the East Kingston Road and Gun Club seeking permission of the Board to post county owned lands in the East Kingston area. County Attorney Stang stated that the land was owned by the county and was not to be given over to the jurisdiction of any organization. The request was filed.

The State Department of Health sent a communication approving the daily rate for patients at the Tuberculosis Hospital at \$4.20 and on this basis state assistance will be given, the state paying one half the cost.

Asks for Equipment
County Clerk Robert A. Snyder sent a communication asking the Board to consider the purchase of photostat equipment for recording deeds and other instruments in the office to speed up the work. This system photostats the instruments and eliminates the element of error beside speeding up work. It was stated the system was from 50% to 66 2/3% more economical than the present type.

ing method. The sum of \$10,000 was appropriated for the purchase of such equipment and the matter of investigation and purchase of the equipment was referred to the Committee on County Clerk and Surrogate.

County Treasurer Jay W. Rifenbary made his annual report of the Machinery Fund as of December 31, 1946. The total available was \$371,379.51 for the year and there was expended \$348,400.33 leaving a balance of \$22,979.18 as of December 31, 1946. His report on the County Road Fund for the same period showed total appropriations of \$812,949.87 and expenditures of \$641,112.75, leaving a balance of \$171,837.12 as of December 31, 1946.

A report of the committee on tax arrears was made indicating that property had been sold at public auction to the amount of \$1715 and the money so derived will be credited to the return tax moneys for the year in which the property is located. Quit claim deeds were authorized. The lands were those acquired by the county at tax sales.

A road known as County Road No. 109 in the towns of Gardiner and Shawangunk was added to the county road map. The total length is 1.7 miles and is located near Dwaarkill.

Supervisor Sinsbaugh moved that county employees in the non-competitive and exempt classifications be laid off in the order of their seniority and that they be taken back according to service period and that this right be in effect for a year unless the employee so laid off expressed a desire not to be again rehired. This proposal was designed to recognize seniority rights when it became necessary to reduce temporarily the number of employees. The matter was referred to the committee on labor for investigation and report back at the next meeting.

The matter of establishment of a comprehensive salary plan to include pay and vacation pay for county employees was presented by Supervisor St. Snyder who moved that the matter be referred to the Ulster County Civil Service Commission for investigation and report back to the board. Adopted.

To Reconstruct Bridge
Authorization for reconstruction of the Kellner bridge over a branch of the Dwaarkill in Shawangunk was authorized at a cost not to exceed \$8,000.

Authority was also given to construct a bridge over the Rondout creek at Sundaun in Denning at a cost of not to exceed \$20,000. The motion being by Supervisor Walzma of Denning.

The sum of \$300 was appropriated to maintain and lay out white parking lines in the Main street parking lot to provide better parking conditions. The money was transferred from the surplus fund. Authority was given the Rights of Way committee to negotiate with the A. T. & T. for a right of way for a cable through the County Farm property at New Paltz.

The sum of \$500 was transferred from the Surplus Fund to a fund to be known as the Rabies Fund to pay for damages arising out of rabies inflicted by dog bite. Under a new law which was introduced by Senator Arthur H. Weeks and recently signed by Governor Dewey it is possible under the Agriculture Law for the state to reimburse a "county" for one half such damages. The payments are based on upwards of \$150 for every horse, \$75 for loss of swine, sheep or goats and \$250 for registered cattle. By voting the appropriation the county now becomes eligible for the state aid.

It was also voted to transfer \$4,500 from Surplus Funds to the Fox Bounty Fund. County Treasurer Jay W. Rifenbary was authorized to sign checks by means of a check-signer.

The board voted to pay \$11.63 as its share of the cost of transcribing minutes of a meeting between the county and the O. & W. Railroad in a hearing to restore service to the Rondout valley. The total cost of transcribing the testimony of the hearing was borne by

various interested communities and totaled \$69.75.

Sum of \$40,000 was transferred from the County Road Fund to the Snow Removal Fund.

To Entertain Editors
The board voted to appropriate \$350 at the request of the State Publicity Bureau to entertain out of state editors who will make a tour of the state in the interest of widening the state interest in the Surplus Fund to the Publicity Fund. The tour will include Ulster county.

A balance of \$21,189.78 in the Public Health Nurse Fund and \$2,700.90 in the Venereal Disease Fund was transferred to the Surplus Fund. These balances were built up in those funds when the county health department took over this work.

It was voted to add to the county road map a road running from the South Boulevard at West Shokan to Sundaun by way of Watson Hollow. This is 13 miles in length and will be known as County Road 139 in Olive and Denning. The sum of \$14,000 which had been in Olive in 1946 was assigned to the West Shokan-Sundaun road since the State Department of Highways declined to approve the Acorn Hill road.

An unexpended balance of \$50,000 in the county road fund was transferred to the county road maintenance fund.

Authority was granted to construct the Galeville road in Shawangunk county and town road. The cost will be \$9,000 and the county will share \$6,000 of the cost and the town \$3,000.

The sum of \$15,000 was transferred from the surplus fund to the machinery fund to pay for a Walker Snow-Gro. truck and plow.

Representing southern Ulster fox hunters, Mr. Hyatt of Ardonia spoke in opposition to fox bounties. He said it was simply paying fox hunters to hunt foxes and the county did not deserve the foxes. He pointed to counties which pay out a bounty and said they had many foxes killed each year without a bounty as were killed when a bounty was paid. In southern Ulster were some 100 fox hunters who hunted them for the sport. A hunter averaged about 10 foxes a year and the hunters were paid \$4,000 for enjoying the sport.

Asks Seniority Observation
George E. Yerry, Jr., was also heard on behalf of certain county employees. He said a letter had been addressed to the board some time ago calling attention to the fact that men who expressed a grievance had been deprived of privileges, disciplined and even discharged. He referred to the laying off of men with long years of service while men with shorter period of employment were retained. This also applied to veterans he said. He asked that protection be given county employees and that seniority rights be recognized. Mr. Yerry said he was disappointed that the Sinsbaugh resolution had been tabled and asked that it be taken up again at this meeting and action had.

Mr. Yerry said he sought protection of old employees and protection from lay-off of these men while men with less seniority rights were retained. He said he had been assured the resolution would be adopted at the meeting but its reference to the labor committee was in effect a "tabling" resolution and he asked it be brought back to the floor for action.

No action was taken as suggested and the matter rests with the labor committee. The matter of fox bounties was referred to the committee on propagation of game and fish and will be reported back to the board later.

Various bills were presented and ordered paid.

Noa's Crew Enjoys New York Spends \$600 Monthly for Family on Relief

members at a late party at their home last night.

Tonight Commander Ernest Steuding, of the local American Legion Post, will act as host to the sailors on liberty with a party and hamburger roast starting at 8:30 at the Legion Hall.

Captain Nolan and crew members were guests of the Lions Club at their regular weekly luncheon meeting held at the Governor Clinton Hotel today. Following the luncheon, the captain and Mr. Gottfried broadcast over Station WKNY at 1:45.

The influx of people, all trying to get aboard the Noa today, caused a pedestrian and vehicular traffic jam in the area of Newcombe dock. Hundreds of visitors stormed the docks for a possible trip to the large destroyer.

Tug Is Used
A small tug loaned by John Schoonmaker of Island Dock, Inc., and a whaleboat from the Noa were in use all day conveying passengers from shore to ship and back again in a steady flow. Ray Carragan of the Newcombe Oil Company arranged for the use of Newcombe dock to facilitate procedures.

Asked how the sailors on liberty behaved themselves Mr. Gottfried replied that throughout his entire sightseeing tour with Captain Nolan and the crew members nothing was noticed indicative of misconduct and that the presence of the Shore Patrol was but a normal military precaution. Every one is having a swell time, said Gottfried, and we're trying our best to help them enjoy themselves to the fullest extent. The splendid cooperation on the part of all, he added, has definitely made the visit of the Noa here a most pleasant one.

The ship is scheduled to haul anchor early tomorrow morning.

Pollet Is Favored In Eviction Case

O.P.A. Rules Artist Must Get Extension of Time; Was Woodstocker

Joseph Pollet, former Woodstock artist was one of the group of artists and writers favored by a recent decision of the New York Office of Price Administration which granted an extension of time for tenancy of studios at 1, 2 and 3 Washington Square North, New York.

The decision denied the petition of New York University for eviction of the tenants of the studios which have been the homes and working quarters for many famous artists for generations. An O.P.A. official said that the decision was based on the "right of a lessee rather than the owner to evict tenants." This point had been urged by Carl Hauptman, attorney for the tenants in hearings held last February.

The university had leased the building last October 1 from the Sailors Snug Harbor for 21 years.

The petition of the tenants was backed by such famous artists as John Sloan, Guy Pene du Bois, Reginald March and others.

Firemen Have Taken No Petition Action
Local paid firemen have taken no action on a proposal discussed unofficially to circulate a petition in behalf of a salary increase it was announced today by a spokesman for the Union of Firemen's Association; Local 461.

The firemen are more directly concerned with reducing their hours from 72 to 60 a week, a change which is expected to be effective January 1.

If any action is taken later to circulate a petition, it was indicated, it will be on the basis of a pay boost.

Home to make a study as to what portions of the farm should be retained and what portion may be sold. The committee will report back with recommendations as to what part shall be sold at public auction.

Another matter which brought forth considerable discussion was the proposal to increase the burial payment for soldier, sailor, marines and other service persons and their families. Under the Social Welfare Law authority has been granted to increase the payment up to \$175. It was moved that Ulster county increase its burial fund from its present \$50 to \$175. Supervisor Kelly moved that the resolution be amended to provide for payment not to exceed \$100 for a suitable headstone as provided under the same law. He also sought to make the provisions retroactive to January 1, 1947. The sum of \$85 may now be spent for headstone.

There was considerable discussion on the matter and County Attorney Frederick Stang stated it was not legal to make the payments retroactive since the law said the county "may" increase its appropriation.

The original resolution was changed to meet the suggestion of Mr. Kelly and the resolution was adopted providing for payment of not to exceed \$175 for burial and not to exceed \$100 for a headstone. The amendment was withdrawn when the text was included in the original resolution.

Pay Rates Increased

On motion of Supervisor Harry Snyder the rate of pay for laborers in the highway department was increased from 75 cents per hour to 85 cents per hour and the rate for motor equipment operators from 90 cents to \$1 per hour.

The position of assistant county attorney was temporarily extended to December 31, 1947 in order that work of disposing of county lands acquired at tax sales might be carried on Raymond Mino now occupies the temporary position which would expire on June 30, 1947, had not the extension been granted.

A communication was received from the East Kingston Road and Gun Club seeking permission of the Board to post county owned lands in the East Kingston area. County Attorney Stang stated that the land was owned by the county and was open to all county residents and could not be given over to the jurisdiction of any organization. The request was filed.

The State Department of Health sent a communication approving the daily rate for patients at the Tuberculosis Hospital at \$4.34 and on that basis state assistance will be given, the state paying one half the cost.

WOODSTOCK NEWS

Art Students Need Places to Live, Is Official Statement

Woodstock, May 20—Many ex-G.I.'s will cancel their registrations for the summer sessions at the Art Students League, this village, unless living accommodations can be obtained at reasonable prices. Many of the students will work a full morning or afternoon each day in return for their living accommodations and anyone interested in assisting in this way may advise Stewart Klonis, Director, Art Students League of New York, 215 West 57th Street, New York 19, N. Y.

Everett L. Wald, president of the Board of Control for the Art Students League was at the Town House during the week-end and said that classes had been arranged in two long sessions daily: the morning session from 8 a. m. to 1 p. m. and the afternoon session from 1:15 to 6 in order that the students might augment their incomes by working for several hours each day.

Furthermore, it was revealed, the sanitation situation at the school property is such that they cannot at this time consider any housing facilities there. The school is scheduled to open June 2, and registration for the month of June is now being accepted. Registration will be from month to month. Those students already registered will have preference in registering for the next month.

The instructors, all well known Woodstock residents, are Arnold Blanch, Fletcher Martin, Paul Flenc, Yasuo Kuniyoshi, and Paul Burlin.

Discussion Group Meets

Woodstock, May 20—Frank Martucci, Kingston attorney, was the guest speaker at the Discussion Group meeting held Sunday evening at the home of Mr. and Mrs. Philip Fitzpatrick in Woodstock. Mr. Martucci was invited to the meeting to explain the Taft-Hartley labor bills. Many questions were asked by those present during Mr. Martucci's interpretation of these bills. In concluding his remarks, Mr. Martucci urged everyone to write immediately to their Congressmen, expressing their sentiments, said, "If these vicious bills are allowed to pass and become law, it will mean the elimination of unions and disintegration of liberty."

The subject and speaker for next week's meeting will be announced during the week.

Village Parties, Personals

Mr. and Mrs. Henry Morton Robinson of Woodstock were dinner hosts Saturday in honor of their daughter, Miss Ellen Louise Robinson, whose engagement to William Townsend Yivisaker, of Philadelphia, has been announced. Those present were Mr. and Mrs. Wendell Jones, Doris Lee, Arnold Blanch, Paul Burlin, Mr. and Mrs. Walter Souton, Mrs. George Compton and Mr. and Mrs. Eugene Ludins.

Several parties are being given in Woodstock for Mrs. George Compton who is leaving Thursday for California where she will enter the University to study medicine. Saturday evening, Mrs. Compton was honored at a square dance party which began at the Irvington Inn and continued at Wilguses. The group included Mary and Towar Boggs, Maude Cleveland, Tyke Perkins, David Falkbanks and Bill Fair.

Mrs. Compton was the guest of honor Sunday evening at a dinner given by Mrs. Catherine Cleveland, Monday evening, Mrs. William N. Boyd, Byrdcliffe, was hostess at another farewell party for George and this evening Mrs. Carl Eric Lindin, who will be celebrating her birthday, will also entertain at dinner and bridge party. Mrs. Lindin's guests will be Mrs. Margaret Kenyon, Mrs. Julia Learycraft, Miss Isabel Dougherty, Mrs. Grace Drake, Miss Bobby Miles, Mrs. Margaret Carlson and Mrs. Compton.

Miss Frank Tasker has just returned from California and is a guest in the home of Mrs. Margaret Kenyon. Griswold Tasker came from New York to Woodstock for the week-end to be with his mother.

Mrs. Kathryn Van Ness and Miss Maude M. Shelton are in New York for several days. While there, Miss Shelton will attend the wedding of her niece, Miss Ellen Platz.

Mrs. Richard Steedman is visiting in the home of Miss Margaretie Graham, Byrdcliffe. On or about June 1 Miss Maude M. Shelton will open a Camera Studio in the well known "Possey Pot" located on Mrs. Van Ness property. Miss Shelton will also have a booth to display ceramics at Market Fair during the summer.

The Barrington Wight property has been sold to Mr. and Mrs. Theodore Lee. The new owners, who have been occupying Mrs. John Carlson's house, will move about June 1.

Mrs. Helen Burdette entertained at ten Friday afternoon in honor of Mrs. Alice Paige, who has recently regained her sight after several years of total blindness. This was a happy occasion for Mrs. Paige and many of her friends who were present, including Mr. and Mrs. John Seyffardt, Mr. and Mrs. Walter P. McTigue, Miss Margaretie Graham, Mr. Paige, Miss

Mercy Ann Hillman, Louis Lewis and Mrs. George Hard.

Mr. and Mrs. John H. Striebel will be at The Green Gate for a few weeks before going to their camp in Canada for the summer.

John McTigue left Woodstock Friday for a two-weeks vacation in Canada.

Master John Frederick Penning, son of Mr. and Mrs. Tomas Penning, was christened Saturday afternoon, in the Catholic chapel at Veteran, with the Rev. Father Streicher officiating. The baby's godparents were Mr. and Mrs. Henry M. Robinson. A small reception followed at the Penning home.

In spite of threatening weather, members of the Woodstock Riding Club, Inc., met at the Lake Hill arena Sunday afternoon, for further schooling of their horses.

In addition to Ned Chase and Tom Brown, who were on hand to assist the members, there was a newcomer to the club, Lt. Colonel Henry Torres, U.S.A. Cavalry. Colonel Torres has returned from a mission to Peru, where he flew with 12 other American officers and 12 Greek officers to purchase 1,200 horses and 1,000 mules for the Greek army.

Mr. and Mrs. Austin Meeklen entertained at dinner on Saturday evening in honor of Mr. and Mrs. John H. Striebel.

Guests in Woodstock during the week-end were Mr. and Mrs. M. Fowell, Brooklyn; Mr. and Mrs. C. J. Long Island; R. A. Wilson, Leon De Graaf, Mrs. Jessamine Howarth and daughter, Mrs. E. S. Dodge, all of New York; R. S. Princes, Haworth, N. J.; Mrs. Lee Lash, New York; Michael Lincen-thal, Mr. and Mrs. Emanuel Sousa, Mr. and Mrs. L. Reiss, Mr. and Mrs. Henry Schwab, Brooklyn; Mr. and Mrs. Jack Essler, Newark; Everett Leslie Wald, Mortimer Roane, S. A. Kolmetz, Brooklyn; Mr. and Mrs. R. H. Eddy, Old Bennington, Vt.; Mrs. Bradshaw Crandell, New York; Mr. and Mrs. Marcel Baudin, New York; Mrs. Walker Day, Mrs. A. C. Nathan, Mr. and Mrs. O. Starnsky, Robert Marcus, Mr. and Mrs. J. J. Kaplan and Alexander B. Smith, all of New York.

A group of fishermen who came to Woodstock during the week-end for the trout fishing were Henry Boucher, Washington, D. C., Vernon Brown, Howell, Portes and Lewis Collin of New York.

Mr. and Mrs. Harold Riley entertained Monday afternoon for their daughter, Carrie, who celebrated her third birthday. Her friends at the party were Edith Heckeroth, Richard Ostrander, Barbara Cole, Susie McClellan, Hannah Barth, Billy Jean Kins, Carolyn Kins, Barbara Mower, Marilyn Woven and Barbara Lopez.

Mr. and Mrs. Cornelius V. V. Sewell were in Woodstock for the day on Monday before returning to Rye, where they have been for a week with Mrs. Sewell's mother, who sustained serious injuries in a fall last week.

There were two fires in Woodstock during the week-end, one at the Leffbridge place on Allen Crest Hill, caused by an oil burning water heater, the fire department reported. The fire was put out before the flames arrived. A brush fire at the Pierre Fenrotte place in the Maverick Saturday afternoon was extinguished.

Joseph Brody Suit Settled Out of Court

New York, May 20—(Special) A settlement out of court was announced Monday in United States District Court here in the \$25,000 suit instituted last year by Joseph L. Brody of Keohonk-son against the Hudson Transit Lines for injuries he sustained when one of the company's buses, in which he was a passenger, collided with a car near Parnassus, N. J., on October 4, 1946.

The amount to be paid Brody was not revealed. He charged the company with negligent operation of the bus. The driver was Edward George Price.

"EVERYTHING FOR THE FARM"

Flashes of Life Sketched in Brief

It Eggs 'Em On
Amherst, Mass., May 20 (AP)—Politeness to hens was advocated by the University of Massachusetts today.

A bulletin to farmers from the desk of the University Extension editor said, "knocking on the laying house door before entering will give the hens a chance to know that you are coming and they won't be scared when the door suddenly opens."

No Homing Pigeon

New York, May 20 (AP)—Since late Saturday night a pigeon has been an unregistered, unwanted guest in the two and one-half story lobby of the Hotel Pennsylvania.

A youth with five caged birds tripped in the lobby and released the birds. Four were caught, but the fifth has stayed on, ignoring food and captivity.

Active Thieves

Salt Lake City, May 20 (AP)—Fairmont Park caretaker Eddie Swift reported the theft of lawn sod from an area 15 by 15 feet. Evidence indicated, he said, that someone backed a truck to the area, dug up the sod and hauled it away.

"I guess," commented City Parks Commissioner Fred Tedesco, "we'll have to put extra guards on the city swimming pool to keep 'em from stealing the water."

For Crying Out Loud

Chicago, May 20 (AP)—A man walked into a Northwest side optical store, pointed a gun at Mrs. Georgia Janefsky, a clerk, and said, very quietly: "This is a stick-up."

"This is a stickup!" repeated

Mrs. Janefsky, 45, at the top of her voice. Then, she told Detective John Lennon, she fled to the rear of the store. The gunman fled, empty-handed, out the front door.

Zealous Workers

Olympia, Wash., May 20 (AP)—Scores of subscribers to the Olympian telephoned the newspaper that boys failed to deliver their copies.

A quick check showed why. Enthusiastic collectors for a local paper drive had mistakenly picked up several bundles left on curbs and porches.

10 Days for Field

John Field, 42, of 235 South Third avenue, Mt. Vernon, who was arrested Sunday night at Pine Hill by Deputy Theron Townsend on a charge of disorderly conduct, was arraigned before Judge Fred Decker of Shandaken last night and sentenced to 10 days in the Ulster county jail.
